Tamil Nadu Legislative Assembly Thiruvalluvar Year 2039, Aippasi 27 2006 November 12, Wednesday The Assembly met at 9-30 am under the chairmanship of the Hon. Speaker of the Assembly Mr. I. Avudaiyappan. Hon. Speaker: "Know the extent of the river, and give it to the people." Knowing the extent of the income, dividing it and giving it is the way to live and save the people. 1, Questions-Answers Marked questions Hon. Speaker: Question No. I, Hon. Member Iru. P. Senthamilchelvan, Hon. Minister of Agriculture. 4. Building facilities *18282--Thira, P. Senthamilchelvan: Will the Honorable Minister of Agriculture answer the following question-- Will the government allow the Ananthapuram Regulatory Sales Hall in Melmalaiyanur constituency to build its own building?

Page 6

468 Questions and Answers [November 12, 2008 Hon. Mr. Veerapandi S, Arumugam, Minister of Agriculture: Hon. Speaker, As there is no government land in the village of Ananthapuram in Villupuram district to construct a separate building for the Ananthapuram regulated sales hall, site selection is underway to purchase private land. Once the site is selected, steps will be taken to construct a separate building for the Ananthapuram sales hall. Hon. Speaker: Hon. Member Iru. P. Senthamilchelvan. Mr. P. Senthamilchelvan: Honorable Speaker, the regulated market hall in Ananthapuram, which falls under my Melmalaiyanur constituency in Villupuram district, has not been functioning for more than 2 years and does not have its own place and building, which has caused great suffering to more than 30,000 farmers in that area. HOF In the past, I have taken it to our Honorable Minister's palace. Therefore, there are places that belong to the town council there. Even if you say that is not the case, I would like to ask the Honorable Minister through you whether he will come forward to fulfill the long-standing demand of the farmers of that area by choosing a place somewhere and purchasing it. A separate building for that regulated market hall. Honorable Speaker: Honorable Minister of Agriculture. Honorable Mr. Veerapandi S. Arumugam: Honorable Speaker, as I said earlier, there are three regulated sales outlets operating in the Melmalaiyanur constituency at Avalurpet, Ananthapuram and Valathi. Valathi and Avalurpet are operating from their own premises. Ananthapuram is on a rented premises.

Page 7

Questions - Answers - 469 2008 November 12] is operating. A fund of Rs. 2 lakh has been allocated to renovate the dilapidated auction shed of this sales hall, which is operating in a rented building. The land has to be acquired from a private person or acquired. Steps are being taken for this. I inform you that the auction shed will be constructed there as soon as the land is acquired. Hon. Speaker: Hon. Member Dr. P. Senthamilchelvan. Mr. P Similarly, in my constituency, the regulated market hall in Valathi under the Melmalaiyanur Urban Union does not have adequate buildings and the food brought there is wasted during the rainy season. Therefore, it also needs a proper building. Similarly, the regulated market hall in Senchi, which is the district headquarters of my constituency, is a regulated market hall that purchases the produce of farmers in Villupuram district on a large scale. There is a situation where more than 10,000 bags of paddy are brought there every day and farmers and traders come and go. There is also a lack of adequate and safe food storage facilities. Therefore, will the Honorable Minister come forward to set up additional food storage facilities for that regulated market hall? I am sitting after hearing that. Honorable Speaker: Honorable Minister of Agriculture. Honorable Mr. Veerapandi S. Arumugam: Speaker of the House. Villupuram District Sales Committee. 7 regulated sales halls are functioning. Location: Indivanam. Vilkovilur, Ulundhararpet, Villupuram,

Page 8

470 Questions and Answers [2008 December 12 Chinnasalem, Kallakurichi, Senji, Thiyasudurgam, Sankarapuram, Vallurpettai, Marakkanam. Vikravandi, Valathi are operating in their own buildings in 1/3 places. Anantapuram, Thiruvennainallur, Manalurpettai, Hangilthuraipattu are operating in rented buildings in + places. As the Hon'ble Member has said, since the Senji regulated market hall is likely to be a place where traders and farmers can come and go in large numbers, if it requires space and building facilities, the Government will study it and take action, 9-35 AM Hon'ble Speaker: Question No. 12, Hon'ble Member II. R.M. Palanisamy, Hon'ble Minister of Public Works and Law. 12— Court Building 531002--Mr. R.M. Palanisamy: Will the Hon'ble Minister of Public Works and Law answer the question-- Will the Government undertake to construct an integrated court building at Erode? Hon'ble Mr. Duraimurugan, Minister of Public Works and Law: Hon'ble Speaker, a liquor beed has been prepared for the construction of an integrated court building at Erode and technical approval has been granted for Rs. 37.5 lakhs. A tender was floated on 10-9-2008 and the tender has gone to the Government's Tender Award Committee-46¢. The work will start after their approval. Honorable Speaker: Honorable Member R.M. Palaniswami.

Page 9

Questions and Answers 471 2008 November 12] Mr. R.M. gation Honorable Speaker, the foundation stone of the Erode Integrated Court and Judges' Residence was laid by our Minister on 5-4-2008-Beo and the court complex was awarded to S.S. Natarajan and Co. at a cost of Rs. 0,754 crores and the judges' residence was awarded to Mr. Yuvaraj at a cost of Rs. 147 crores. When the price of construction materials was asked to be increased by 0 percent due to suey, our Minister said that it could not be given above 23 percent in the public works department, but it has gone to the Tender Award Committee-d6¢. I also learned today that those contractors are ready to meet the 245 213 percent requirement of our Public Works Department. This request has been made for many years since 1988. I am grateful for the good news that our Public Works Minister will construct court buildings and judges' residences there after his government comes to power, and at the same time. If we call those contractors, we will definitely be able to complete the work at the 23 percent level required by our department. _ I would like to ask the Award Committer-qpewrts to take immediate action and to know through you whether the Minister will do so. Honorable Speaker: Honorable Minister of Public Works and Law. Honorable Mr. Durai Murugan: Honorable Speaker, I do not know how much excess they have put in. But from what the honorable member has said, it seems that they have put in 23 per cent more. (Interruption) Have they asked for 30 per cent and come down to 23 per cent? No way. If I tell you why, they said that they will not pay more than 5 per cent in the sector. The reason is that the price of iron has come down today. All the prices

Page 10

472 Questions-Answers [November 12, 2008 have decreased. If you ask us why we are putting so much more in a tender, we should give a reason for putting so much. Only if you give a reason will the Finance Department-. They will agree. If we put it at will, they will ask why we have put so much for this. Therefore, no matter how much we look at it, that 23 percent will never be available. Therefore, if they come to negotiation-4g, the government will take action regarding it. Honorable Speaker: Honorable Member Iru. R.M. Palaniswami. Mr. R.M. Padinিসwami: Honorable Speaker, the Criminal Court and the Civil Court in my Modakkurichi constituency, Kodumudi, are functioning in a rented building. They should be given their own court. Similarly, Kodumudi is a very large area in the Erode area, both in taluka and district levels, and I would like to ask you through your mouth whether the Minister will divide all the areas under Modakkurichi constituency and set up a subordinate court and a criminal court. Hon. Speaker: Hon. Minister of Public Works and Law. Hon. Mr. Durai Murugan: Hon. Speaker, if the Hon. Member writes in detail about this, the government will examine whether to take it in the area plan or another plan in the next financial year, depending on the financial situation. Hon. Speaker: Hon. Member Iru. C. Gnanasekaran. Mr. C. Gnanasekaran: Honorable Speaker, they built a building in Vellore at 10:00 AM in the Integrated Court Complex. They built 1-81001 in it and died, leaving A-Block without it.

Questions and Answers 473 2008 November 12] Only when A-Block-t and B-Block-ib are joined will it be an integrated court complex. Asuwe, I would like to know whether the Hon'ble Minister will come forward to construct A-Block buildings in Vellore. Hon'ble Speaker: Hon'ble Minister of Public Works and Law. Hon'ble Mr. Duraimurugan: Hon'ble Speaker, it is not that A-Block and B-Block are joined and it will be an integrated court. : Hon'ble member always says that B-Block-g has been built. He says that A-Block-g has not been built. We will name this 8-1881001 as A-Block. But, we need to see if there is enough space within the building constructed there to run other courts. It is there. But, I have no different opinion on the construction of another court building. It will be built in due course. I am as much concerned as he is. 9-40 AM Hon. Speaker: Hon. Member I. L. Velusamy. Mr. L. Velusamy: Hon. Speaker, there are 8 courts functioning in Dharmapuri city including the District Sessions Court which was inaugurated last year. Approximately 100 lawyers are working here. Out of these, the Criminal No.-! Court is currently functioning in the Lawyers' Association building. Similarly, the District Chief Criminal Court is functioning in a private building on rent on Pennakaram Road. At present, the Highways Department is removing the encroachment. That building is also currently being demolished due to this reason. Similarly, the Workers' Court does not have adequate building facilities and is not functioning properly. Therefore, in the interest of the general public, these courts should be properly

474 Questions and Answers [November 12, 2008 I would like to know through your own mouth whether the Honorable Minister will provide the means to build an integrated court complex.

Honorable Mr. Duraimurugan: Honorable Chairman, it cannot be denied that the courts are functioning in rented buildings, the objective of the Chairman Shulainagar government is that the courts should be held in their own building. That is why, as soon as they came to power, they allocated 300 crore rupees in the beginning, for 2007-2008, 2008-2009, 2009-2010, 2010-2/1. Last time, they allocated 10 crore rupees. So I am proud to say that the only government that has allocated Rs. 300 crore for the EDS sector is the government of Shulaignara. (Sound of knocking on the table) People from all states of India. They also appreciate the work being done by the Tamil Nadu government for the justice sector at all levels. Every year, the Chairman, Chief Minister Kalaingar, gives permission to build 20, 30 integrated court complexes so that the courts in each district can function in their own buildings. In the last year 2008-2009, he gave permission to build 22 integrated court complexes. At the same time, we are also starting new courts every year. Every year, we are starting W, 4/) courts in various types, so, on the one hand, new courts are coming up. On one side, we are building 20, 25, 30 court buildings per year. Whatever the case, I would like to inform you that this government is working with the decision that all the courts should function in their own buildings within the period of this government.

Hon. Speaker: Hon. Members. ■. Soundrapandian. Mr. ■. Soundrapandian; Hon. Speaker, in my Coonoor constituency, Kotagiri is a hilly area. Also, to the Revenue Department

Questions and Answers 475 2008 November 12] Since the court is functioning in the Tahsildar's office building, I would like to know from you whether a Criminal Arbitration Court will be built in Kotagiri in the coming financial year. Hon. Speaker: Hon. Minister of Public Works and Law. Hon. Mr. Durai Murugan: Hon. Speaker, I would like to inform the honourable member that if his opinion is raised, it will be considered according to the financial situation of the next year. Hon. Speaker: Hon. Member Ir. Co. Ari. : Mr. Co. Ari: Honorable Speaker, for the last 15 days, lawyers have been on strike and blocking roads in the district capital, Tiruvallur, demanding a unified court complex. I would like to know what steps this government has taken to build a unified court complex till date, even though there is sufficient space there, and whether this government will take steps to build a unified court complex in that area. Similarly, even though there are buildings required to set up a subordinate court, it has not yet been started. I would also like to know through you whether this government will come forward to start it. 2-45 AM Honorable Speaker: Honorable Minister of Public Works and Law. Honorable Mr. Durai Murugan: Honorable Speaker, we are announcing here that integrated court complexes will be built. If a school needs to be built, the government immediately allocates funds for it. The government itself provides a site. We immediately complete the construction.

Page 14

476 Questions and Answers (November 12, 2008) Courts are not like that. As soon as the government announces that a combined court complex will be built in this town this year, the government gives that notification to the High Court. The High Court, in turn, advises the courts in the district. It instructs and asks them to select a place. They are the ones who have to select a place for us. The High Court sends it to the district councils in that 1008/-, and they select it. The High Court informs us that what they have selected, we are giving you a place at this place. After informing us, they make an estimate of how the PWD building division complex should be built. We have to send that estimate copy-enw to the High Council. In May, they meet occasionally and take a decision on this. That committee does not meet often. They They will give 2 amendments or changes in it. They will immediately send it to us. Then they will re-estimate it and send it to them again. Only after they give their approval will they give a full sketch and draw a drawing and give an estimate. Give an estimate and again. High Court-é&@ should be sent. After High Court-cv sanction, after purchasing AS. we should go for tender. So during this period, the delay in the construction of the notified court buildings is due to the fact that every action has to be approved by the High Court. For example, I have no difficulty in saying it openly. In the High Court, they asked for 17 crores. rupees to build all the courts in Egmore. The government allocated 19 crores for the courts in Saidapet and George Town. But, suddenly, in those two courts Those who are there also said that we will not come here. Right away, okay, no need, let the George Town Court function there. Here, Saidapet. Let the court function. So we said that we should reduce this 19 crore rupees by putting a revised estimate. Immediately, the High Court

Questions and Answers 477 2008 November 12) They said, it is not possible, it is not possible, the allocation of 19 crore rupees is what was allocated. Whether it comes to George Town Court or Saidapet Court, they said that you should spend this 9 crore rupees in Egmore Court itself. Sometimes there are differences of opinion. Due to this, sometimes there is a delay. That is why 2 weeks ago we called the Registrar, had a discussion with the Home Secretary, Finance Secretary and they decided that it is enough to go once, and we do not need to go to the High Court for everything frequently. So from now on, it will be done a little faster. Honorable Speaker: Honorable Member Dr. (Mrs.) K. Gayathri Devi. Dr. (Mrs.) K. Gayathri Devi: Honorable Speaker, in Madhurantakam city, the court, the sub-registrar's office, the taluka office, the police station, etc. are located in a narrow street, which is very difficult for the people. People coming from outside are confused as to which office is which. Despite having a separate place for the council, no building has been constructed for this purpose. I had asked the minister about this in the last financial year itself. I would like to know from your own mouth whether the minister will come forward to construct it at least in this financial year. Honorable Speaker: Honorable Minister of Public Works and Law. Honorable Mr. Duraimurugan: Honorable Speaker, if there is space, we can take it in the next financial year. Hon. Speaker: Hon. Members Mr. K. Arumugam, Mr. K. Arumugam: Hon. Speaker, our Minister for Public Works has made lengthy explanations on various issues today.

Page 16

478 questions -ATNEHNL chair [2008 November 12] They have also mentioned the problem there. All these problems have been solved and the integrated court is functioning in Chengalpattu. There is no labor court in it. Will our minister make arrangements for that court to come? Similarly, the Thirukkazhukundram court has been staying in a rented building for a long time. I would like to know from you whether they will also make efforts to build its own building.

Honorable Speaker: Honorable Minister of Public Works and Law. Honorable Mr. Duraimurugan: Honorable Speaker, if the honorable member writes down his opinion, we can think about it during the budget statement. (Interruption) How can you give assurance? You write it down. In any case, demand is going to come. You have asked for two. I will give you at least one of them.

The Honorable Speaker: Question No. 13. Honorable Member Two. M. Dandapani, Honorable Minister of Transport. 13— Certificate of fitness *38000- Mr. M. Dandapani: Will the Honorable Minister of Transport answer the following questions-- (a) Will the Government take steps to tighten the rules for issuing certificates of fitness to heavy vehicles that have been in operation for many years? (b) If so, when? The Honorable Mr. K.N. Theru, Minister of Transport:

Honorable Speaker,

Questions and Answers 479 2008 November 12) (■) and (■) When issuing a certificate of fitness for heavy vehicles that have been in operation for many years, the certificate of fitness is issued only after a rigorous inspection. Honorable Speaker: Honorable Member II. M.

Dandapani, Mr. M. Dandapani: Honorable Speaker, although I do not disagree with the opinion expressed by our Minister, if we look at all the semi-trailers running in rural areas today, they are vehicles that have been running for a long time and are still running. When we look at the smoke emitted by those vehicles, not only is a situation of environmental pollution being created; many accidents occur because of these vehicles. Therefore, I request our Honorable Minister to examine this and rectify it. I am on duty. 9:50 AM Hon'ble Speaker: Hon'ble Minister of Transport. Hon'ble Mr. K.N. Nehru: Hon'ble Speaker, a law was made in Andhra Pradesh that all Public Carrier and Private Carrier vehicles should not be operated for more than 7 years and in Tamil Nadu that they should not be operated for more than 8 years. But, after that law was made, all the drivers who own those vehicles complained to the government and submitted a petition saying, 'We have just bought them; if you tell us to stop this immediately, we will have no way to survive.' Hon'ble Chief Minister took that into consideration and ordered that the law be suspended now. The Transport Act is a law of the Central Government. The Central Government has repealed this law in Delhi itself. Because of,

11-305—2

Page 18

480 Questions and Answers [November 2008 [2 We do not have the authority to say that old vehicles should not be driven. But, while giving the so-called Fitness Certificate to those vehicles, we are conducting strict inspections. To be specific, in 2005, 1,22,205 vehicles came for *.6.-. Out of that, 25,302 vehicles were stopped without FC and were declared 'not fit'. Similarly, out of 129,19 vehicles that came in 2006, 26,836 vehicles were stopped. In 2007, out of 1,94,968 vehicles that came, 28,661 vehicles were stopped. Now, out of 79,376 vehicles that have arrived till October, 15,479 vehicles have been declared 'unfit' and all of them have been denied permission to drive. Moreover, knowing that these will spoil the environment, action is being taken through the Pollution Control Board. Now there are a total of 53 8.1.0. offices in Tamil Nadu. 3 new offices have been started now. The existing 3 unit offices have been upgraded and started as 8.1.0. offices. Thus, a device has been installed in 61 ■.10. offices and £.0. offices to detect the amount of pollution emitted from vehicle smoke when vehicles arrive. Similarly, a machine to detect the amount of pollution emitted from smoke has been installed in 46 unit offices that are already operating and 9 newly started offices. Similarly, they have separate ones in Chennai and Ooty on behalf of the Pollution Control Board. Therefore, when the vehicle comes, we are conducting strict inspections. Our government does not have the authority to stop it. If the Central Government enacts a new law, it can be stopped. Honorable Speaker: Honorable Member Mr. Ma. Dandapani.

Page 19

Questions and Answers 481 2008 November 12] AG. Ma. Dandapani: Honorable Speaker, thank you very much for the explanation given by the Minister. At the same time, all the buses operated from the Vendasandur State Transport Corporation office in my constituency are “very, very” bad buses, rather than saying ‘We’. I would like to know from your own sources whether our government, which is leaving behind a lot of new buses, will pay some attention to my constituency and operate new buses. Honorable Speaker: Honorable Minister of Transport. Honorable Mr. K.N. Nehru: Honorable Speaker. In your district, even under your leadership, 100 new vehicles have now been operated. In particular, in Madurai region, our Honorable Chief Minister has given permission to purchase 1000 new buses for the Madurai Transport Corporation, and more than 600 new buses have been put on the roads today. Last week, they were operated in Nagercoil, Tirunelveli and Virudhunagar. After another 20-25 days, 200 buses will be operated in Madurai, 100 buses in Dandukal and 100 buses in Theni. They are being designed. Soon, new buses will be operated in Dindigul. At that time, I inform you that they will also be operated in the Vendasandur constituency of Dr. Ma. Dandapani. Honorable Speaker: Honorable Member Dr. E.S.S. Raman. 9-55 AM Dr. E.S.S. Raman: Honorable Speaker, after the artist took charge for the fourth time, the biggest blessing that the villagers got. is a minibus. Various parties say that the condition of those buses is currently deplorable. interlinked distance + E.M. In the form of 11-905--25

Page 20

482 Mow! Ah sit-aP En. ■■■■ [2008 ■■■■ 12 ■■■■■■■■ ■■■■■■■■ Served 8■■■■■■■, ti ■■■■■. unserved 8722-■■■■ was made a basic qualification and all of them were given licenses. That's how. When it was given, a mini bus-eyemt_us owner filed a case in the Madurai branch of the High Court. Since it operates in unserved ■2-■■■■, even if a mini bus permit is given, the next bus-6q cannot be given, saying that it has already become a served arca. That is why we could not give permission for more new mini buses because the injunction is in the High Court. Instead of going to court against it, our government brought a new law. Our government brought a new law that each District Collector would identify which areas need mini buses, and if they could operate in those areas. All the district bus leaders conducted a study and said that about 450 buses can be provided on 232 routes. Even if 350 buses are provided, another 3,400 buses need to be provided. For this, 600 mini bus owners have already gone to court and filed a court order demanding permission. More than 200.

Page 21

Questions and Answers 483 2008 November 12]: Mini bus owners have asked for a spare bus. It is because of such many complaints and court injunctions that our Chief Minister has called a FL DH meeting and invited the Home Secretary; others and brought a plan to give to everyone. This has now been done. This department will soon get the approval of the Honorable Chief Minister and operate mini buses all over Tamil Nadu. In this, 4 m. unserved area, wi Pb. served area was 8 m. served area, which was brought by the previous government. They have gone to court against it. There is also a court injunction in that. I assure you that since there are many such injunctions, a good decision will be taken soon. : Hon'ble Speaker: Hon'ble Member Mr. K. Pichandi. Mr. K. Pichandi: Hon'ble Speaker, accidents occur due to old heavy vehicles. Therefore, I would like to know whether the government will order the installation of red triangle lights for old heavy vehicles as well, just as it is done for new vehicles only if they are fitted with red triangle lights, while issuing the appropriate certificate for them. Hon'ble Speaker: Hon'ble Minister of Transport. Hon'ble Mr. K.N. Nehru: Hon'ble Speaker, the opinion of the Hon'ble member can be examined and an emus government order can be issued for it. Formally. We can obtain the order of the Finance Department as well as the order of the Chief Minister and consider it. Hon. Speaker: Question No. 14, Hon. Mr. N. Malairajah, Hon. Minister of Revenue and Housing.

484 Questions and Answers [2008 November 12 14— Completed Building *33793--Mr. N.

Malaraja: Will the Hon^{ble} Minister of Revenue and Housing answer the following

questions-- (6) Does the Government have an action order to construct a new building for the

Tirunelveli District Office? (If yes, when? Hon. Mr. E. Periyasamy, Minister of Revenue and

Housing: Hon. Speaker, (■) Not under consideration. (■! This question did not arise. Hon.

Speaker: Hon. Member Iru. N. Malairaja. Mr. N. Malairaja: Hon. Speaker, the building in which

the Tirunelveli Taluk Office is located in my constituency is a very old building. It is a building built

in 1905. IruNelveli is the district headquarters located in the central part of Nellai. It is a large

taluk with a circumference of about 30 km, a population of 4 lakhs and 2 lakhs voters. Since the

city is a place where thousands of people come and go, the public is facing great difficulty due to

lack of adequate space. Therefore, I would like to know from your own sources whether the

Honorable Minister of Revenue and Housing will come forward to construct a separate building

for the Nellai Taluk Office, which is a long-standing demand of the people of Nellai, under the

good governance of Chairman Shulaigna, who has been taking into account the welfare of the

public and has been doing not only what he says but also what he does not say.

Questions and Answers 485 2008 November 12] Hon³⁹ble Speaker: Hon³⁹ble Minister of Revenue and Housing. 10-00 AM Hon³⁹ble Mr. E. Periyasamy: Hon³⁹ble Speaker, the Hon³⁹ble member has pointed out that the Tirunelveli Taluk Office is in a very dilapidated condition. The District Collector³⁹s action note in this regard has not yet reached the Government. The Government will definitely discuss it in the coming financial year as soon as it arrives. Hon³⁹ble Speaker: I am Mr. Malairaja. Mr. N. Malaraja: Honorable Speaker, keeping in mind the long-standing demand of the people of Nellai, the Revenue Minister should obtain an action plan from the District Administrator and construct a DH THGS building for it as soon as possible. Thank you. Honorable Speaker: Honorable Member Iru. Arul Anbaraga. Mr. Arul Anbarasu: Honorable Speaker, Cholingar constituency has approximately two lakh voters. I have been insisting many times that Cholingar should be declared a separate taluka for administrative convenience. Many times, the Minister also GaheiasznFaret. Therefore, I would like to know from you whether the government has a plan to construct a new building for Sholingar, a very backward constituency, by declaring Sholingar as a separate taluka. The Hon³⁹ble Speaker: The Hon³⁹ble Minister of Revenue and Housing. The Hon³⁹ble Mr. E. Periyasamy: The Hon³⁹ble Speaker, when the government was formed for the fifth time in Tamil Nadu under the leadership of the Hon³⁹ble Chief Minister, the Hon³⁹ble Kalaighnar, 15

486 Questions and Answers [November 12, 2008 All of them have been converted into government buildings today and the work has been completed. Meanwhile, the offices that fell into disrepair last year have been renovated. The Chief Minister has allocated Rs. 20 crores for the renovation of most of the offices requested by the Honorable Members, and that work is ongoing. The Honorable Member has asked for the establishment of a new Taluk Office. The Honorable Member has been asking for the last two years, in consultation with the Honorable Chief Minister, regarding the establishment of new Taluk Offices in areas with high population in Chennai city and other places, according to the population. The ban imposed by our Election Commission lasted for a year and a half. The ban imposed by the Election Commission was lifted only last year. As soon as the ban was lifted, new Taluk Offices have been opened in Athur and Thandarambat. The Government will discuss the request of the Honorable Member with the Honorable Chief Minister in the coming financial year. Honorable Speaker:

Honorable Member Iru. P. Dilli Babu. Mr. P. Dilli UME Honorable Speaker, the Aroor Taluk Office has been in operation for a year now and excellent work has been going on. It is still functioning in a rented building. Although funds have been allocated for the construction of a new building and the announcement has been made for almost six months, the foundation stone laying ceremony for the construction of the building has not been held yet. I would like to know from your own mouth whether the Honorable Minister will immediately take steps to construct a new building. Honorable Mr. E. Periyasamy: Honorable Speaker. Funds have been allocated for the Arur Divisional Commissioner's Office and it is being given to the Public Works Department. The Public Works Department has taken action in this regard.

Questions and Answers 487 2008 November 12] is coming. The government will take steps to construct a new building at the earliest. Hon^{ble} Speaker: Hon^{ble} Member B. ■.

Govindaswamy. Mr. C. Govindaswamy: Hon^{ble} Speaker, when I made a request related to the revenue department to our Hon^{ble} Chief Minister, the State Government and this House that a separate district be created with Tiruppur as its headquarters, it was accepted, Hon^{ble} Chief Minister: On his orders, following the announcement in the last budget statement that a new district would be created, a government order has now been issued.

Therefore, at this time when the work for the new district has begun, on behalf of the people of Vadhuur district, I would like to express my gratitude to the Honorable Chief Minister, the Finance Minister, the Local Government Minister, and the Revenue Minister, who have been of great help in this regard, and for the attention of the Honorable Minister, two revenue divisions have been announced in the new district, Vadhuur and Tarapuram. Asu, since the Udumalai taluka in that district is a very large taluka, I would like to know through you whether the government will come forward to divide it into two and create a separate revenue division with Udumalai as its headquarters, and implement that work together when this district is started.

Morning Hon^{ble} Speaker: Hon^{ble} Minister of Revenue and Housing UBS.

Hon^{ble} Mr. E. Periyasamy: Hon^{ble} Speaker. The new district has just been formed. Hon^{ble} member has requested that the Udumalai taluk be divided into two and a new division should be formed.

488 Questions and Answers [November 12, 2008 In this regard, the Chief Minister is soggy, the coming funds are not there. The government will consider it. Honorable Assembly: Chairman: Question No. 15, Honorable Member Mr. P. Kamaraj, Hon'ble Minister of Tourism and Registration. 15— Office of the Registrar *2101— Mr. P. Kamaraj: Will the Hon'ble Minister of Tourism and Registration answer the following question— Will the Government take steps to operate the Office of the Registrar located at Taragampatti, Irushnarayapuram constituency in its own building? Hon'ble Mr. N. Suresh Rajan, Minister of Tourism and Registration: Hon'ble Speaker, Rs. 25 lakhs has been allocated for the construction of a new building for the Office of the Registrar at Taragampatti, Irushnarayapuram constituency. Done. Government Order No. 103, Commercial Taxes and Registration Department, dated 30-10-08. This work will be completed soon. I would like to inform you that it will be started and completed. Honorable Speaker: Honorable Member B. Kamara. Mr. B. Kamaraj: Honorable Speaker, I express my heartfelt gratitude to the leader of the golden era, the Honorable Chief Minister, the Artist, and the Honorable Minister of Deeds Registration, who accepted the long-standing demand of the people of the Tara.Kampatti area and granted permission to construct a separate building for the Sub-Registrar's office on behalf of the government. Furthermore, the office is operating in a rented building in Karushnarayapuram, which is the headquarters of the constituency.

Questions and Answers 489 2008 November 12] I would like to know from your side whether the Government will give priority to the Sub-Registrar's office in the coming financial year and will take steps to construct its own building on behalf of the Government. Hon'ble Speaker: Hon'ble Minister of Tourism and Registration. Hon'ble Mr. N, Suresh Rajan: Hon'ble Speaker, the Hon'ble member has requested that the Sub-Registrar's office, which is functioning in a rented building in Irushnarayapuram constituency, which is the headquarters, be shifted to its own building. After the Hon'ble Chief Minister Kalaignar took charge, work is being done every year to gradually shift the Sub-Registrar's offices, which are functioning in a rented building, to a new building, to its own building. For example, out of the total 558 Sub-Registrar offices, 244 Sub-Registrar offices are functioning in rented buildings. The Hon'ble Chief Minister Kalaignar has allocated funds for 15 buildings in 2006-2007 and 20 new buildings in 2007-2008. In the future, depending on the financial situation, they will be gradually converted into new buildings. Hon'ble Speaker: Question No. 16, Hon'ble Member Iru. Qe. Chinnasamy, Hon'ble Minister for Backward Classes Welfare. 15-Accommodation Facility *30706-Mr. C. Chinnaswamy: Honorable Minister of Backward Classes Welfare: Will you answer the following questions-- (■) Will the government come forward to build a hostel for backward class students in Marungapuri. Constituency, Marungapuri?

490 Questions and Answers [November 12, 2008 (a) If yes, when? Hon. Mr. K.K.S.S.R. Ramachandran, Minister of Backward Classes Welfare: Hon. Speaker, (b) and (a) In Marungapuri constituency, there is no possibility of starting a hostel for backward classes students in Marungapuri. Hon. Speaker: Hon. Member I. S. Chinnasamy. Mr. S. Chinnasamy: Hon. Speaker, a government higher secondary school is functioning in a village called Marungapuri in my Marungapuri constituency. Here are Marungapuri Panchayat, Aadikkampatti Panchayat, Thazhampati Kanararathi. Muthalwarpatti Panchayat, D. There is only one higher secondary school in the area, which includes 7 panchayats namely, Aiyapatti panchayat, Paluvanchi panchayat, and Kaundanpatti panchayat, and covers 37 villages. There are 740 students studying in that school. Classes are going on. Surrounded by mountains, with that valley in the middle. There is a situation where students have to cross the mountains to go to school. All the students studying in that area are born in poor agricultural laborer families. Therefore, I request the government to take this into consideration and build a hostel for the backward classes at the Marungapuri Government Higher Secondary School. Honorable Speaker: Honorable Minister for the Welfare of the Backward Classes. Honorable Mr. K.K.S.S.R. Ramachandran; Honorable Speaker, there are 8 student hostels under the Marungapuri constituency. Our member has also said that this area is a mountainous area. That is also in the record.

Page 29

Questions and Answers 491 2008 November 12] The government will consider it in the future according to the financial situation. : Hon. Speaker: Hon. Member I. S. Chinnawamy. Mr. S. Chinnawamy: Hon. Speaker, Marungapuri constituency is about to become Manapparai constituency. Therefore, in the situation where those people are in grief, I request at this time that the government should provide a hostel for girls in that town at least in the coming financial year. Similarly, I would like to request through you that the government should provide hostels for girls in Sevalpatti Government High School and Pannangombu Government High School. Hon. Speaker: Hon. Minister for Backward Classes Welfare. Hon. Mr. K.K.S.S.R. Ramachandran: Hon. Speaker, the government will act in the future, realizing the importance of that area, as per the financial situation. Hon. Speaker: Hon. Member Dr. P.N. Periyannan. Morning 0-/0 Mr. P.N. Periyannan: Hon. Speaker, in the financial year 2006-2007, a hostel was allocated for the Higher Secondary School in the Chelamudi Iramathil, Pennakaram constituency. On the recommendation of the District Collector, a recommendation was made to the Royal Court to convert that hostel into a girls' hostel. But, till date, that hostel has not been opened. I would like to know from you when it will be opened.

492 Questions and Answers {November 12, 2008 Hon'ble Speaker: Hon'ble Minister for Backward Classes Welfare. Hon'ble Mr. K.K.S.S.R. Ramachandran: Hon'ble Speaker, if such a recommendation is received, the government will take immediate action. Hon'ble Member of the Legislative Assembly, Mr. P. Veldurai. Mr. P. Veldurai: Hon'ble Speaker, there is a rural school in Maruthazhthur in Cheranmahadevi constituency. Approximately 1,200 students study there. There is no big town near it. There is no facility for students from other villages to stay and study there. But, I have made this request last year and the year before that. I was sure that they would give it last year. Somehow it was abandoned. Therefore, I would like to know from you whether they will definitely provide hostels for students to that school this year. Hon. Speaker: Hon. Minister for Backward Classes Welfare. Hon. Mr. K.K.S.S.R. Ramachandran: Hon. Speaker, the Hon. Member has already urged me on this matter several times. The government will definitely consider this matter in the coming financial year and take appropriate action. Hon. Speaker: Hon. Member Dr. 1. Nedunchezhiyan. Dr. 1. Nedunchezhiyan: Honorable Speaker, Namakkal district is famous as an educational district. There are more than ten government and government-aided schools in the Kapilarmalai block of that district. However, it is our own opinion that there is not a single hostel for backward students.

Questions and Answers. 493 2008 November 12] I would like to know from your own experience whether the government will come forward to provide hostels for backward students this year or next year. Hon'ble Speaker: Hon'ble Minister for Backward Classes Welfare.

Hon'ble Mr. K.K.S.S.R. Ramachandran: Hon'ble Speaker, all the members of the Legislative Assembly are continuously making such demands in their respective areas. When the government considers it and allocates according to the number of students in that area, the government will give priority to that area in Namakkal district. : Hon'ble Speaker: Question No.: 17, II. Na. Ramakrishnan, Hon. Minister of Hindu Religious Affairs and Charities. 17—Renovation 358355 Mr. N. Ramakrishnan: Will the Hon. Minister of Hindu Religious Affairs and Charities answer the following question— Will the Government take steps to renovate the Thirukkulam of the Arulmigu Varadaraja Perumal Temple at Poontamally, Chengalpattu District? Hon. Mr. K.R. Periyakaruppan, Minister of Hindu Religious Affairs and Charities: Hon. Speaker, the Chennai, Malai Arulmigu Thirukkachithambikalan and Varadaraja Perumal Temple is a temple under the control of the Hindu Religious Affairs and Charities Department. The temple's Thirukulam was renovated in 2002 at a cost of GIN lakhs. Due to heavy rains in 2005,

494 Questions and Answers (November 2008) The steps of the \$2 pond have fallen into disrepair. A proposal has been prepared to repair the steps and steps are being taken to carry out the work with appropriate funds. Honorable Speaker: Honorable Member Mr. N. Ramakrishnan... Mr. N. Ramakrishnan: Honorable Speaker, the Poontamalli Arulmigu Varadaraja Perumal Temple is the place where the Tirumal, which has emerged in the temples of Kanchipuram, Srirangam and Tirupattu, is displayed together. It is a temple built a thousand years ago. The Brahmotsavam in the month of Vaikasi, similarly the Vaikuntha Ekadashi festival and the 0-day festival of Aadith Vadhavuram are celebrated there with great pomp. Crowd of devotees Waves. The separate pool where Perumal bathed and the separate pool where Andal bathed are located there. I would like to ask whether the government will take immediate steps to restore that holy place where the Lord bathed. Hon'ble Speaker: Hon'ble Minister of Hindu Religious and Charitable Institutions. Hon'ble Mr. K.R. Periyakaruppan: Hon'ble Speaker, the southern part of the pool mentioned by the Hon'ble Member was occupied by a large number of people. Therefore, although the steps are dilapidated, there is sufficient financial resources for that place. Nevertheless, this encroachment was a hindrance to the construction of that place. Last month, those encroachments were completely removed and now there is a conducive environment for the work to be done. Moreover, Even though there is a shortage of funds, our Poonamalli constituency MLA, through the efforts of the Leader of the Opposition in the Congress Legislative Assembly, has formed a renovation committee and said that we ourselves will carry out the renovation with the help of volunteers to the tune of ten lakh rupees. Oh, that proud person mentioned by the blacks

Questions and Answers 495 2008 November 12] I would like to inform you that the existing pond will be renovated very soon. 10-15 AM Hon. Speaker: Hon. Member Iru. N. Ramakrishnan. Mr. N. Ramakrishnan: Hon. Speaker, I understand that those ponds are being used as public toilets. I hear that they are a place for goats and cows, and that waste and garbage are dumped there, and mosquitoes are spreading there. I want to know if this is true. At the same time, you should quickly repair that temple pond. Since that time, for 30 years, Sumangali women have been worshipping in that temple on Pongal day by wearing sep. Devotees bathe. They worship the Lord. All these rituals have now been stopped. I would like to know whether the government will take steps to resume these rituals. Honorable Speaker: Honorable Minister of Hindu Religious and Charitable Endowments. Honorable Mr. K.R. Periyakaruppan: Honorable Speaker, continuing the rituals depends on the mood of the devotees. At the same time, there are 2,235 holy ponds in Tamil Nadu belonging to the Hindu Religious and Charitable Endowments Department. Out of these, 1665 have been repaired and installed. The esteemed member mentioned this place as an important temple and also because of the encroachment, the work could not be done. Regarding that temple, there is a financial resource of more than Rs. 2000000. Well, the money is not an issue. Of course, just like the remaining 570 places that can be dug up, repaired and stockpiled, this temple too will be very much needed. 11-305--3

496 questions and answers. (12 November 2008 I would like to inform you that it will be repaired soon. : Hon'ble Speaker: Hon'ble Member Mr. T. Sudarsanam. Mr. T. Sudarsanam: Hon'ble Speaker, Hon'ble Member. Ramakrishnan mentioned here in great detail and explanation about the Poovirundavalli Varadaraja Perumal Irukachinambigal temple. There are various stories about that temple. There is a story that Thirukkachinambi Perumal himself once took a flower and went to Kanchipuram, gave that flower, decorated it with flowers to Varadaraja Perumal who is there and came to Poovirundavalli. It is such a great temple. That temple has about 400 acres of land. There is.. The land is worth around Rs 7 crore to Rs 8 crore, Rs 10 crore per acre. All of them are in private hands. However, about who has encroached on the temple pond. Friend, I would have been happy if Ramakrishnan had told me in detail. He did not mention it. Some people deliberately encroached on the pond and as a result of that encroachment, there were a lot of goats and cows in the pond, as he says. We have made a great effort and removed the encroachments around that pond. Not only have we removed them, but we have also told the government to form a restoration committee. Please form a restoration committee, no matter what the cost, the public is ready to take control of that pond. We have made a request to our ministers. We have said so. I am sitting here with a request that a renovation committee be immediately formed to repair and operate that pond as soon as possible. Honorable Speaker: Honorable Minister of Hindu Religious and Charitable Institutions.

Questions and Answers 497 2008 November 12] Hon'ble Mr. K.R. Periyakaruppan:
Hon'ble Speaker, I have already conveyed the assurance of our Congress Party Legislative
Assembly Leader. Therefore, I assure you that a committee will be constituted to renovate the
tank as per his wishes very soon. Hon'ble Speaker: Question No. 18, Hon'ble Member
Mr. C. Shanmugavelu, Hon'ble Minister of School Education. 18— School Building *29165
Mr. C. Shanmugavelu: Will the Honorable Minister of School Education answer the following
questions-- (a) Will the government come forward to construct an additional building at the
Komaralingam Government Higher Secondary School, Udumalaipettai constituency? (If yes,
when? Hon. Mr. Thangam Thennarasu, Minister of School Education: Hon. Speaker, (6) and (a)
Udumalaipettai Constituency, Komaralingam Government Higher Secondary School will be
constructed under the provisions of NABARD Bank Financial Assistance Scheme 8th Scheme 0.
Hon. Speaker: Hon. Member I. C. Shanmugavelu. Mr. C. Shanmugavelu: Hon. Speaker, Hon.
Speaker, the Hon. Minister said that the building will be constructed through the NABARD
scheme. There is sufficient building there. However, more than 1300 children study in that area.
There are not enough toilet facilities for women and men there. 11-305—3a

498 questions and answers. (The estimate of Rs. 20,000 in the SSA scheme of November 12, 2008 is not enough. Therefore, a new women's toilet is being built at that place, and the previously built perimeter wall is also damaged. I request through my own channel whether the Honorable Minister will make arrangements to allocate funds for it so that it can be renovated. Similarly, a building is currently being constructed at the Udumalai Government Boys' Higher Secondary School under the scheme of Rs. 8.8 lakh, a building with 12 classrooms. It is an old school. 12 more classrooms need to be built there. The Minister should give priority to that too. Similarly, 3,000 children study at the Girls' Higher Secondary School there. There are sufficient classrooms and buildings there too. However, the toilet facilities are not sufficient. In that area where there are more women Priority should be given to places where there are no adequate toilets and a daily allowance should be made for the construction of women's toilets. Appropriate arrangements should be made for the construction of that building. (10-20 AM) Similarly, there is a library in Udumalai. There is a Narayana Kavi Mandapam. All the necessary books are provided there for those who can read 1.AS, 1.85. However, the building facilities there are not enough. I would like to know from your own sources whether the Honorable Minister will come forward to construct a new additional building in that place too.

Honorable Speaker: Honorable Minister of School Education. Honorable Mr. Thangam Thennarasu: Honorable Speaker, in that Komaralingam school mentioned by the Honorable Member, there is now a building for 4 classrooms that was built by Mangalore. It is an old building. So, we have now made a plan to replace it and build 16 concrete classrooms there through the NABARD bank project. As he mentioned, in 2005-2004

Questions and Answers 499 November 12, 2008] Even though toilets have been provided for all in the years under the Universal Education Program, there are not enough toilets for the number of students who can study there. The government has realized that. I personally visited the Udumalai Government Boys' Higher Secondary School and Girls' Higher Secondary School, which he may have mentioned, once. We are engaged in efforts to replace the old buildings there and construct new buildings. As far as toilets are concerned, our Honorable Chief Minister has given instructions to that effect in the District Administrative Leaders' Conference. He has emphasized that you should implement that plan in all schools, giving importance to girls' higher secondary schools and high schools, within three years. Therefore, we are gradually implementing them. They informed about the library. If it is indeed a library, I will call the officials and inform them that the government will take appropriate steps to construct those buildings through the library fund. Hon'ble Speaker: Hon'ble Member Thar. C. Shanmugavelu. AG. A. Shanmugavelu: Hon'ble Speaker, Hon'ble Minister upgraded Amaravati. Nagar Middle School to a higher secondary school last year. I had already requested that Rajendra Nagar High School, which is mostly populated by the Scheduled Castes in Udumalpet, be upgraded to a higher secondary school. It has been left vacant. I request the Hon'ble Minister to give priority to it at least in the coming financial year and upgrade it. 3 In addition, there is a primary school in Udumalai Municipality. The Hon'ble Minister has decided to upgrade it to a middle school...

500 Questions and Answers [November 12, 2008 Hon'ble Speaker: You are talking about everything in the constituency. Are you going around and around after asking just one question? Mr. A. Shanmugavelu is not there, this is all about that. Similarly, Cholamadevi, an area where Muslims live in large numbers. There is a middle school there. I kindly request that it should also be upgraded to a high school. This is an issue beyond this question. I also insist that my Udumalai constituency should be in Coimbatore district and not in Tiruppur district. Hon'ble Speaker: Hon'ble Minister of School Education. Hon'ble Mr. Thangam Thennarasu: Honorable Speaker, I would like to answer only the first part of this question. The concepts that he may have mentioned that the higher secondary schools should be upgraded, that the high schools should be upgraded are under consideration by the government. Last year, we made efforts to upgrade the Rajendra Nagar school. But, considering the demands of various members of the legislature, it is going to be given to the Amaravati school. However, it is not possible to give it to Rajendra Nagar. The government will definitely take steps to fulfill them in the coming years. The government has realized that the Kanyakampalayam school that he may have mentioned, as well as the Cholamadevi school and the areas adjacent to it, are areas where a large number of the Scheduled Castes live. The government will definitely look into them with kindness. Hon'ble Speaker: Hon'ble Member I. V.P. Kalairajan. Mr. V.P. Kalairajan: Hon'ble Speaker, the Higher Secondary School in Ashok Nagar, Puttur, E. Nagar constituency, where both the boys study, has a compound wall to the extent that some anti-social elements can enter inside.

Questions - Answers 501 2008 November 12] is. Not in good condition at all. The existing compound wall is damaged. It is. Similarly, there is no toilet facility. Although it is a co-educational school, there is no toilet facility there. Similarly, the room required to keep all the equipment like computers is not there properly. Above all, setting up a ground in Chennai is a big difficulty. There is a very big playground in that school. But, the bushes are all over it. Therefore, at this time when the Minister is requesting him to directly inspect and provide all the necessary facilities for that school, I would also like to mention that it is a school where a large number of downtrodden and backward people study. I would like to get the answer to that through your own mouth. | AM /0-27 Hon'ble Speaker: Hon'ble Minister of School Development.

Hon'ble Mr. Thangam Tennarasu: Hon'ble Speaker, I know that Ashok Nagar School is one of the important schools in Chennai. I have also visited that school. If the compound in that school is in a state of disrepair, then the government can definitely take steps to improve it. . I am aware that if the Hon'ble Member makes allocations for that purpose from the Constituency Development Fund, that will also be helpful to the government. The government will definitely take care of the playgrounds, the toilets, the rooms where computers can be properly placed, etc., which he may have mentioned, and will definitely take care of them. : Honorable Speaker: Honorable 2. Members. E, Velmurugan, Mr. T. Velmurugan: Honorable Speaker, on behalf of our Tamil Nadu Government, the efforts of the Honorable Minister of Education and Science have been made in various government

502 Questions and Answers [November 12, 2008 Additional classroom buildings are being constructed for high schools, secondary schools and middle schools and primary schools under the Central Government's NABARD scheme and the Education for All scheme. I would like to request the Hon'ble Minister to come forward to award the building permits for such buildings with the recommendation of the Legislative Assembly member of the constituency in which the area is located. The reason is that even for buildings in primary schools, secondary schools and high schools that have some classrooms, instead of visiting many hamlets and giving priority to them in the list, our officials select a few places and give them that opportunity. In fact, since there is no possibility of reasonable access to the buildings for the schools where the classrooms are still being held in the shade of trees or in remote areas, along the compound walls, I would like to know through you whether these committees, in consultation with the MLAs of the constituency, will come forward to suggest such buildings on a priority basis in the future. Similarly, in my constituency, schools like Marungur, Sirugramam, Kullanjavadi, where I studied, Government High School, and Kattiyanguppam, many classes are still being held under trees without any building facilities. I would like to know through you whether the Honorable Minister will take steps to construct additional classroom buildings for all of them on a priority basis in the future. Honorable Speaker: Honorable Minister of School Education. Honorable Mr. Thangam Tennarasu; Honorable Speaker. Our Honorable Chief Minister, Kalaignar, has taken charge of the government during these two years, and NABARD Bank has provided assistance to various schools, government secondary schools and higher secondary schools in Tamil Nadu. Especially

Questions and Answers 503 November 12, 2008] During the 7th Plan period, we have received Rs. 131 crore for approximately 58 schools, Rs. 07 crore for 59 schools under the 8th Plan, and now Rs. 4.0 crore for 362 schools under the 9th Plan. We are awaiting the government's administrative approval for that. The only government that could have provided this to so many schools is the government of our Honorable Chief Minister, Chairman Kalaingar. (Sound of knocking on the table) Apart from this, if you say that you will take only the government's primary schools and middle schools, after coming to power in 2006-2007, 330.59 crores have been received for all those schools under the 'Education for All' scheme along with the contribution of our state government. So far, the Chief Minister who has received the most amount spent under the 'Education for All' scheme is our Honorable Chief Minister, Chief Minister Kalaingar. (Sound of knocking on the table) In 2007-2008, Rs. 185.69 crores, and this year, Rs. 208 crores in 2008-2009, only construction work is being done for classrooms. When selecting them, the government officials consider the conditions there, how many people are studying, and the number of classrooms for the children who can study. As he mentions, if the authorities have been lax in a few places, I will definitely pay attention to them. Our honorable member has even mentioned several towns in his constituency. If you mention them and write to me, there will be an opportunity to include those schools too. The reason is, we have created a financial facility to provide for many buildings. There is sufficient financial facility for buildings. Therefore, honorable members, if you provide me with that information that you want to take up these schools in our area, the government is certainly ready to give priority to them.

504 Questions and Answers [November 12, 2008 (10:30 a.m.) Hon. Speaker: With the prior permission of the House, Questions and Answers: The time is extended. No. 7265. Mrs. R. Lima Ross, Hon. Minister of Highways and: Minor Ports. 19— Yalam *7265. Mrs. R. Lima Ross: Will the Hon. Minister of Highways and: Minor Ports answer the following question-- : Kanyakumari... Muvattam,. Will the Government take steps to construct a bridge across the Thakamirabarani river called Vallakadavu? Hon. Mr.... Vellakovil Saminathan; Highways and Highways Department: Minister: Hon. Speaker, it is under the consideration of the Government. Hon. Speaker: Hon. Member Mrs. om: Lima Nose. - Mrs. R. Sma Ross: Hon. Speaker, it is under the consideration of the Government. Hon. Minister: I thank him for saying that it is under the consideration of the Government. This may be a long-standing demand of the people of Thiruvattaru constituency, Kanyakumari district. This bridge is needed in the Vallakadavu section at a place called Ikkurichi. It is an area where lakhs of devotees come to the Ikkurichi Mahadeva Temple, a Shiva temple, during the Shiva temple biennial festival. The world-famous Chitraal There is also a Jain hill temple here. This allows tourists to travel 19 RB: Instead of going around; 3 km. away, Sudanta 2007 estimate for this bridge

Questions and Answers 505 2008 November 12] has been prepared and it is still pending. I would like to know from you whether the government will take steps to allocate funds for the same in order to fulfill our long-standing request at the earliest and start the bridge work there in the coming year. Honorable Speaker: Honorable. Minister of Highways and Ports.” : Hon. Mr. Vellakkovil Saminathan: Hon. Speaker, Hon. Members have raised a question regarding the construction of a bridge across the Thamirabarani River at Vallakadavu in Iruvattaru constituency of Kanyakumari District. Near that place, the Thamirabarani River flows between the district road, the Paathachala Road, and the Ikurichi Chittaral Road. The dirt road that connects these two is an unclassified road in any way. Therefore, we believe that it will be a local government road. Even with that basic budget, if a bridge is to be built at that place, about 9 crore rupees are required. For that, we have sought the help of the Central Government. A request has been made from our State Highways Department to include it in the Central Government’s Road Fund Scheme. For that, Once the permission is received, the government will take action to construct a bridge there. Honorable Speaker: Honorable Member Mrs. R. Lima Ross. Mrs. R. Lima Ross: Honorable Speaker, a letter regarding this bridge was sent to the Central Government in November 2007 for permission, therefore, in addition to obtaining permission very soon, I would like to know from you whether the government will take action to replace that boat and operate a new boat until the bridge is constructed. : ■

506 Questions and Answers [November 12, 2008 Hon'ble Speaker: Hon'ble Minister of Highways and Minor Ports. Hon'ble Mr. Vellakovil Saminathan: Hon'ble Speaker, boat traffic does not come under the control of the Highways Department. Hon'ble Speaker: Hon'ble Member II. ■■■. Rajan. Mr. ■■■. Rajan: Hon'ble Speaker, whenever the leader of the party, Dr. Kalaignar, takes charge as the Chief Minister, bridges and roads are laid on a large scale in Tamil Nadu for our people. In my Nagercoil Legislative Assembly constituency, the Melmanakudi and 8th Manakudi connecting bridge was built by the then leader Dr. Kalaignar. It was damaged and collapsed due to the recent tsunami. I would like to know from you when this Melmanakudi and 8th Manakudi connecting bridge, which is very necessary for transportation, will be built and put into use by the public. Hon. Speaker: Hon. Minister of Highways and Minor Ports. Hon. Mr. Vellakkovil Saminathan: Hon. Speaker, I personally inspected the bridge at Melmanakudi and Kilmanakudi, which was affected by the last tsunami wave mentioned by the honorable members. Since the bridge was damaged by the tsunami, an iron bridge has been constructed for temporary passage of people and traffic is flowing smoothly. Furthermore, following several problems during the interview held to know the opinion of the people of the area regarding the construction of the new bridge, the District Collector intervened and held talks with the people of the area, and the construction of the new bridge was finalized. Furthermore, when the World Bank was requested for funding to build the bridge, the World Bank also agreed. However, the Central Government's Environment

Questions-Questions 507 November 12, 2008] The permission of the department has to be obtained. For that, we have approached the Environment Department of the Central Government. Once that permission is received, the tender will be invited and the work will be started soon. Honorable Speaker: Honorable Member Mr. I. Manickam. AG. I. Manickam: Honorable Speaker, a flyover in Nangankurichi, Kulithalai constituency is a long-standing demand of the people of that area. Due to the absence of a bridge there, the people living in Kurichi area, school students and agricultural workers are having to travel for seven and a half kilometers. Therefore, I have repeatedly urged the Honorable Minister to have a bridge in that area. Further, when our historical hero, Hon'ble Chief Minister Kalaignar, who celebrated his golden jubilee in the Legislative Assembly, was elected as a member of the Legislative Assembly in 1957, the Nangavaram area is a very historically significant area where he fought tirelessly for the rights of the farmers. Therefore, I request the Hon'ble Minister to fulfill the long-standing demand of the people of Nangavaram. 10:35 AM Hon'ble Speaker: Hon'ble Minister of Highways and Minor Ports. Hon'ble Mr. Vellakovil Saminathan: Hon'ble Speaker, the Hon'ble member has requested us through a letter and several times in person regarding that bridge. The department is considering it. Steps will be taken to construct that bridge in the future. Hon'ble Speaker: Question No. 20, Hon'ble Members. K. Ulaganathan, Ore., Minister of Primary and Secondary Education.

508 Questions and Answers {2008 November 12 20— Hostel Facility 1826“ Iru, & K. Ulaganathan: Will the Hon'ble Minister for Adi Dravidar Welfare answer the following question-- Will the Government provide adequate accommodation in hostels for Scheduled Caste boys and girls in Nagapattinam, Iruvarur district? Hon'ble Mrs. A. Tamilarasi, Minister for Adi Dravidar Welfare: Hon'ble Speaker, yes. Hon'ble Speaker: Hon'ble Member Iru. K. Ulaganathan. Mr, K. Ulaganathan: Hon'ble Speaker. Sir, there are 7 government higher secondary schools in my constituency. The Adi Dravidar students who can study in those schools Due to the lack of sufficient space for students to stay in hostels, there is a situation where students from villages without transport facilities apply for those hostels and are told that there is no space. Therefore, I would like to know through your own mouth whether the Honorable Minister will come forward to increase the space and increase the number of students to be admitted. Honorable Assembly. Chairman: Honorable Minister of Adi Dravidar Welfare. Honorable Mrs. A. Tamilarasi: Honorable Chairman of the Assembly. Our Honorable Chief Minister Dr. Kalaignar has provided an additional 2000 places for Adi Dravidar welfare hostels in the last two years since assuming office. Out of which. Especially in the last two years, in the hostels for school students in Tiruvarur district alone

Questions-Answers 509 2008 November 12] 20 additional places have been allocated. [0 additional places have been allocated in college hostels. Similarly, a college hostel has been started in Thiruvavur. In Thiruvavur. A school hostel has been started in Kalpal and a school hostel in Buddhagaram. A new school hostel in Savalakaran will be started this year. Similarly, 10 additional places have been created in college hostels in Nagapattinam district. A Adi Dravidar hostel will be started in Mathanam this year.. . Therefore, I would like to inform you that our elders, who are interested in education, have made arrangements for additional students to stay in hostels in these districts. Honorable Speaker: Honorable Member Mr. K. Ulaganathan. Mr. K. Ulaganathan: Honorable Speaker, there is a backward students' hostel in Thiruthuraiipoondi, Muthupettai. If Adi Dravidian students want to join there, they are admitted only in the vacant places in that hostel. Therefore, I would like to know through you whether the Honorable Minister will come forward to set up a separate hostel for Adi Dravidian students in Muthupettai. : Honorable Speaker: Honorable Minister of Welfare. Honorable Mrs. A. Tamilarasi: Honorable Speaker, I would like to inform you that it will be reviewed in the future depending on the financial situation based on the need and importance. Honorable Speaker: Questions and answers are over. (Note: If a quote (*) is placed at the beginning of a text, it indicates that the text has been verified by 2 people.)

510 [2008-12-12 2. Resolutions of the House (Rules 185 (2)) and 190 Hon. Speaker: Resolution. Resolution seeking relaxation of Rules 185 (2) and 00 of the House. Hon. Speaker. Hon. Professor A. Anbazhagan: Hon. Speaker, I move a resolution that "Rules 185 (2) and 190 of the House be relaxed and that the business of the House be taken up today, 12-11-2008". Hon. Speaker: Hon. Speaker, the resolution of the Hon. Speaker is left to the decision of the House. Those in favour say 'Yes'. (Yes) Those against say 'No'. (No) I believe that those in favour are in majority. Those in favour are in majority. The resolution is carried. (d) Instigating Sri Lankan agitation through the Central Government to implement a ceasefire in the Tamil areas of Sri Lanka Hon. Speaker: Government resolution. The Hon. Chief Minister may propose his resolution. *Honourable Artist M. Karunanidhi: Honorable Speaker, I propose the following resolution for the approval of this House: "For more than forty years, the problem of the Tamils of Sri Lanka has not been resolved despite various efforts, and the lives and properties of the Tamil people, the sons of that soil, have not been spared. Lakhs of their families, children and grandchildren have fled to foreign countries as refugees, and those who remain are those who have left."

Government Resolutions 511 2008 November 12] [Artist M. Karunanidhi] They are suffering and are waiting for death at any moment. 10-40 AM To decide on this situation, in accordance with the resolution of the All-Party Meeting held on October 14, a boundary has been demarcated in the sea and an agreement has been made to provide protection to the lives, property and rights of Tamil Nadu fishermen, but in our neighboring country, our fellow Tamil people, amidst the daily bloodshed and heart-wrenching tears that have become heart-wrenching events, we are sending essential items such as food, clothing and medicine to the Sri Lankan Tamils from Tamil Nadu through international organizations such as the Red Cross. However, this assistance alone is not enough for them. The security of their lives and property, and the peaceful and equal life that should exist in Sri Lanka, must be ensured for the Tamils there. Our Indian central government must take urgent action for this. This plight of the Sri Lankan Tamils has caused great unrest and anger among the Tamils living all over the world. It is especially having a great impact among the seven crore Indian Tamils who are one historically, culturally and ethically. As a result, all political movements and non-political organizations in Tamil Nadu are holding demonstrations and rallies and expressing their opposition to the Sri Lankan government. Students, businessmen, film artists, film technicians, small screen artists, workers, Tamil activists, all sections of society are raising their voices for the Sri Lankan Tamils. An immediate ceasefire should be declared in Sri Lanka at an all-party meeting held on behalf of the government. And the suffering of the Sri Lankan Tamils should be erased 11-305--4

512 Government Resolutions [Artist cp. Karunanidhi] | 2008 November 12 A resolution was passed unanimously, insisting that it should be. Following that, the great event of holding a historic human chain rally in Chennai and extending a hand of support to the Tamils of Eelam is unforgettable. If the suffering of the Tamils of Sri Lanka is to end, an immediate ceasefire should be implemented there. This is the unanimous wish of the Tamils of the world, and a ceasefire should be agreed upon and implemented by both parties, following the statement made by the Chief Minister of Tamil Nadu, it has been announced in another paper that we are ready to implement a ceasefire. In this situation, the Sri Lankan government should also issue a 3-point ceasefire announcement and immediately withdraw the troops to the old position. The Tamil Nadu Legislative Assembly also urges that efforts should be made immediately to negotiate and find a political solution to the Tamil demands. The Tamil Nadu Legislative Assembly urges that the Indian government should use its influence to persuade the Sri Lankan government to agree to a ceasefire and take steps to ensure lasting peace and coexistence in the Tamil areas.” (Loud applause on the table) , 10-45 AM Hon. Speaker: Those who will speak on this matter, the DMK member, the Hon. member. Vijayakanth is not here. Next, the Hon. member on behalf of the Liberation Tigers of Tamil Nadu, Bip. T. Ravikumar. They spoke a lot about this yesterday. Let’s not take too much time. Let’s finish our speech briefly. Mr. T. Ravikumar: Hon. Speaker, to the leader of the Thamlanam party, the Mutthamizharignar Kalaigarnar, who is the hope of the world Tamils, for proposing this resolution of historical significance. On behalf of the Liberation Tigers of Tamil Nadu, we express our heartfelt gratitude. (Loud applause on the table) On Tamils in Sri Lanka

The king. Resolutions 513 2008 November 12] (Bu. T. Ravikumar) People living all over the world are today expressing how cruel the attack is, beyond all human imagination, beyond all that. In this regard, a debate has been held in the English Parliament, and the ministers there have also expressed their sympathy. About five hundred thousand people there, driven out as refugees within the country, are suffering in the forests and under the trees. All the schools there have been closed and a situation has arisen where 30,000 students are now living their lives in bunkers. Hundreds of Tamil people are dying of snakebites there due to the lack of medicine for snakebites. They have received international Even the medicines sent by the charity organizations in two trucks have been stopped there. There has been a situation where food has not been provided. Considering all this, due to the initiative of our Honorable Chief Minister, an all-party meeting was convened and only after its conclusion, even though the indiscriminate airstrikes have been reduced to some extent, they are continuing those attacks again. In this situation, the Sri Lankan President has come to India today. We believe that this resolution proposed in this context will definitely lead to a peaceful situation there. Our demand is only one. The merciless genocide being committed against the innocent Tamil people in Sri Lanka must stop. For that, an immediate ceasefire must be declared. For that, the Indian government must intervene and insist on Sri Lanka to immediately end the war. We must find a way to carry out the strike. Moreover, the late leader Rajiv Gandhi's initiative was taken to carry out the Jayawardene - Rajiv Gandhi 11-305—4a

514 Government Resolutions (Mr. T. Ravikumar] (2008 November 12 Agreement) As mentioned in the agreement, the North and East should be reunited and declared as the homeland of the Tamils. In the meantime, international humanitarian organizations and UN agencies that have been expelled from the Tamil areas such as Kilinochchi, Mullaitivu, Vavuniya should be immediately arranged to work there again. In addition, we are sending 2000 tons of food items on the initiative of our Chief Minister. It has been mentioned in this resolution itself that this alone is not enough. Arrangements should be made to send medical supplies immediately. I would like to express my gratitude for the opportunity to urge the Indian government to take steps to immediately end the inhumane anti-Tamil war going on there. Greetings, Honorable Speaker: On behalf of the MDMK, Honorable Member Buy. M. Kannappan. Morning 10-50 *Mr. M. Kannappan: Honorable Speaker, the tragedy that began on the day Sri Lanka gained independence in 1948 has been continuing for 60 years. The Sinhalese government, which has been in a relationship with the Tamils for thousands of years, is now carrying out a planned attack to destroy them with a vengeance. According to historical documents, the island of Sri Lanka belongs only to the Tamils. The Sinhalese came and settled later. This is what the historians and historians have written as history. Therefore, I am not here to argue that the entire Say belongs to us. There, the Tamils In one part, the Sinhalese were ruling and forming a separate government in another part. After that, the Portuguese and the Dutch ruled. 1895-<) After the British came and captured Jaffna,

Government Resolutions 515 2008 November 12] [Mr. M. Kannappan] In 1933, the Tamil region was united with the Sinhalese and declared as the Sinhalese country. Sri Lanka was declared as a single country in 1918 when the island of Sri Lanka gained independence from the whites and it has continued to exist. In the same year, on December 2, the Citizenship Act was brought and for the sole reason of reducing the number of Tamil members and MPs in Parliament, 1 million people, Tamils of Indian origin, were deprived of citizenship. No other nation in the world has passed such a law in any country. On that day, the Indian Prime Minister Pandit Nehru, when he mentioned it in Parliament, stated that this was an unjust act. When Eelam Gandhi, Father Selva, also mentioned this, he said with foresight that it was a law that could enslave the Tamils. The current Commander of the Sri Lankan Army, Sarath Pon Seka, says today that the Tamil people who live in Sri Lanka are second-class citizens in Sri Lanka, and that Sri Lanka is a country of Sinhalese. However, the situation of making the Tamils of Eelam second-class citizens began in 1948-0 and began to take place seriously, starting with the vote in 1949. Sinhalese is the official language, Buddhism is the official religion. In 1956, the Sri Lankan government introduced a law that said there was no place for other beliefs, and that it was only for Sinhalese. Father Selva went on a hunger strike with the Tamil people against it. During that fast, the police and Sinhala fanatics attacked them and the police opened fire, killing two people on the spot. After that, many agreements were signed. The Nehru-Kothelawale Accord of 1954-60, the Father Selva-Bandaranaike Accord of 1957, the Sirimavo-Shastri Accord of 1962-0, the Father Selva-Senanayake Accord of 1965, the Fishermen's Rights Accord of 1976. The Rajiv Gandhi-Jayawardene Accord of 1987, none of which the Sri Lankan government has fully implemented. In fact, the Sri Lankan government is acting in contradiction to many agreements. It has already been so. Tamils

Page 54

516 Government Resolutions [Mr. M. Kannappan | [November 12, 2008] Tamils were attacked for raising their voice for their legitimate rights, and their places of worship were attacked. The police and the army attacked the Tamils, and they engaged in atrocities that were crushing the Tamil clans in the womb. Children were killed. Women were violated. They were destroyed. Rape, murder, and robbery became daily events. Such gruesome tortures are the result of the Sinhalese's decision to eliminate every trace of Tamil culture. Reports of those tortures made by researchers from around the world, including Amnesty International, were published in all the newspapers in the world around 1970-71, especially in the Hindu newspapers from our own state of Tamil Nadu. The sculptors and carpenters who had made the chariots for the Shiva temple in Trikona Hill were dragged to the middle of the road by Sinhala fanatics and their hands were cut off at the wrists and thrown into pieces. The sculptors died on the same spot. Such horrific incidents continued. At 10:55 in the morning, 63 children were brutally murdered in Senjolai. A bomb was dropped on the refugees at the Vagarai school, killing 61 girls aged 8 and 10. Tsunami victims: While the French were setting up camps for the people and taking care of all the rehabilitation work, 17 Tamil "youths" who were working there were massacred by Sinhala fanatics and the Sinhala army. A member of parliament named Nadarajah Raviraj staged a protest in protest of the Vagarai massacre. The next day, he came out of his house for the sole reason that he staged a protest.

HYIP SIT Narmanangal 2117 2008 November 12} [Mr. M. Kannappan | He was shot dead in the middle of the road while walking on the street. On December 25, 2005, Sinhala fanatics entered the church and shot dead National Assembly member Joseph Parajasingham, who had gone to the church to pray on the occasion of Christmas. A female newspaper reporter named Taraki Sivaram was murdered there while she was reporting abroad. A 20-year-old university student named Darshani was raped by the Sinhala military. They tied a stone to hide her from the outside and threw her into the river; her body was found floating on the surface after 3 days of burning. The university's vice-chancellor, professors, and students were protesting when the army opened fire on them. The army men who raped the Tamil woman openly declared that no more Sinhalese babies will be born in your wombs, only Sinhalese babies will be born. Is a race being destroyed? For the freedom of the nation, it is necessary to protect itself by giving HIPS. In 0981, 98 thousand books and rare books were stolen... The Jaffna library was set on fire. In the 108th year of the 1980s, Mrs. Indira Gandhi, who had adopted a policy of protecting herself in Eelam, had a visionary approach that protected India's geopolitical interests. She had formulated a good approach. In a debate held in Parliament on August 12, 1983, Mrs. Indira Gandhi had said in a broad manner. "What is happening in the island of Sri Lanka is nothing but Genocide of Tamils." She had openly stated in Parliament that Tamils were being subjected to genocide in Eelam.

518 Government Resolutions [Iru. M. Kannappan] [2008 November 12 In another debate in 1981, Mrs. Indira Gandhi, while responding to Mr. Vaiko's speech, said: "The Tamils of the East and North of Sri Lanka are the original inhabitants of the land". The Tamils living in the North and East are the original inhabitants of the island. The lady has stated that we must protect them. When Mrs. Indira Gandhi was shot dead, the Tamils of Eelam, especially those in Jaffna, did not eat or drink anything that day. They hoisted black flags from house to house. When the procession carrying the image of the goddess arrived, Sinhalese soldiers opened fire on the procession. Today, 5.5 million people in the population of Sri Lanka are Tamils. Of these, 27 percent are living as refugees in India and abroad. They are orphans in many countries of the world. There are many stories in world history of people who have fought to reclaim their motherland. But, for 00 consecutive years, more than one hundred thousand people have sacrificed their lives, more than 1.5 million people have become refugees in other countries of the world, and the rest are dying in their own country without food to eat, medicine for their diseases, and a place to stay. This has never happened to any other race in the world except the Tamils of Eelam. 1-00 AM So many events followed. There is no time to tell them all. In 2004-0, when the Honorable Dr. Manmohan Singh came as the Prime Minister, upon learning that Sri Lanka was planning to sign a military agreement with India, the General Secretary of the Revival Dravida Munnetra Kazhagam, Mr. Vaiko, on behalf of the Revival Dravida Munnetra Kazhagam, wrote to the Prime Minister and Mrs. Sonia Gandhi that signing the agreement would be a great loss to the Tamils of Eelam.

Government Resolutions 519 November 2008 [2] [Mr. M. Kannappan] and. Hon. Mr. Pranab Mukherjee, as well as important opposition leaders, especially the late great leader of the Communist Party of India (Marxist) Mr. Harkishan Purodith and the great leader of the Communist Party of India, Dr. Bharathan, met and made this request to all other opposition leaders. After that, the military agreement was abandoned for the time being. After that. After that, as soon as it was heard that the military agreement had been executed, in the first phase, the radars had been given to the Sri Lankan government. When I met the Prime Minister again and insisted that this should not be given to him and that it should be taken back, the Prime Minister promised, 'If a situation arises that leads to war, we will definitely consider it.' When Prime Minister Mr. Vajpayee was the Prime Minister, when it came to light in 1998 that such an agreement was going to be reached, I made a request to him, and he immediately convened an all-party meeting. The Indian National Congress Party also participated in that meeting. All parties discussed and unanimously decided that no military assistance would be provided to Sri Lanka, not even to sell weapons. That all-party resolution remains the same today. The all-party resolution has not been convened again; the resolutions have not been changed. But, today, India is providing military assistance to Sri Lanka. December 2001, the LTTE announced a ceasefire on Christmas. They waited for a month, but there was no response from the government. They announced that they would extend the ceasefire for another month. After that, fearing that the international community should not blame the Sri Lankan government, the Sri Lankan government also declared a ceasefire in February 2002. After that. Negotiations were held in Norway. But. The ceasefire

520 Government Resolutions [Mr. M. Kannappan] [2008 November 12] Apart from the announcement, there have been sporadic clashes. Minor skirmishes. Many casualties. The looting of Tamil properties, and the killing of Tamils in many places. All these have been ongoing. In January 2008, the Sri Lankan government resumed full-scale war against the Eelam Tamils. The LTTE has been engaged in preventive measures to protect the Tamil people from the Sri Lankan military attacks. Our Honorable Chief Minister made a request two days ago for both sides to declare a ceasefire. The Chief Minister has accepted their request that we are ready to declare a ceasefire immediately on the part of the LTTE. However, the Sri Lankan government has categorically stated that a ceasefire cannot be declared. Now a resolution has been proposed by the Honorable Chief Minister. We welcome that resolution on behalf of the Revival DMK. Morning // -035 Keeping that resolution as it is today. We would like to add to that resolution, "India should return the radar equipment it has provided to the Sri Lankan Air Force. It should recall the technical experts and personnel it has sent to Sri Lanka. It should cancel the loan it promised to give to Sri Lanka at a low interest rate. It should cancel the information exchange agreement signed between India and the Sri Lankan Navy. The training provided to the Sri Lankan Army and Air Force in India should be stopped immediately. The Sri Lankan government should immediately stop the attacks on the Tamils and declare a ceasefire. The stalled talks should be resumed. All measures should be taken immediately to provide security to the Tamils of Eelam. The Sri Lankan government should do all these things.

Government Resolutions 521 2008 November 12] [Edit. Up. Kannappan] If they refuse to do so, if they do not come forward to do so, we should warn the governments of India and Sri Lanka that we will sever diplomatic relations and impose economic sanctions," I ask that this be included with the resolution, and I welcome the resolution and bid farewell. Thank you.

Greetings. Honorable Speaker: On behalf of the Communist Party of India (Interruptions) You may speak. Sit down. (Interruptions) Mr. C. Gnanasekaran: Speaker Sir, only one amendment.

My humble Tequest is here. . . Honorable Speaker: He is requesting that it not be granted. You have already said no! (Interruptions) Okay, tell me. Mr. C. Gnanasekaran: Honorable Speaker.

On behalf of the M.D.M.K. Honorable Member Bi. When Kannappan was speaking, he said that the Indian government had already provided weapons, that it had provided weapons, that it had provided radars, and everything. Just like the Central Government did, they recorded their entire opinion here and it is now included in the minutes of the House. But in a situation where the Central Government could have completely denied all of them, the Honorable Chief Minister has now proposed a good resolution in a way that is acceptable to everyone, put some words in a very nice way, proposed a resolution that is acceptable to all parties without any problems, and then brought some amendments to it and said that today the Central Government has done everything that it has not done. It is not a right situation for them to record it like this. And to warn the Central Government. Therefore, on behalf of the Congress Party, I insist that all of them should be taken out of the minutes of the House.

522 Government Resolutions [November 12, 2008 Mr. M. Kannappan: Honorable Speaker, I have not made up or said anything that is not true. On October 2, 2008, the Prime Minister of India, M.D.M.K. General Secretary Vaiko, has mentioned it in his letter. After answering all the conditions of the Tamils who may be there, as mentioned in the letter written by Vaiko, this Army 2509, they are the last to conclude with regard to these, 'Meanwhile, Sri Lanka has been provided some assistance of a defensive nature to protect its integrity and unity. We are committed to unity and integrity of Sri Lanka alongside protecting the rights of the Tamils and hence cannot ignore the fact', they have mentioned in that letter. The Prime Minister himself agrees. Even when Pranab Mukherjee speaks in the Upper House of Parliament, he has admitted last week that we have provided assistance and are providing it. It has been reported in all the newspapers. We are not fabricating anything. We are telling the truth. I have the evidence for that in my hand, and I am ready to hand it over to the Speaker. (Interruptions) Hon. Speaker: Everyone, do not stand up. Sit down. Everyone, sit down. (Interruption) Say, sit down. Gnanasekaran. Mr. C. Gnanasekaran: Hon. Speaker, in this House, all the members of the Legislative Assembly unanimously urge the Central Government to declare a ceasefire there. The resolution that has been brought and proposed by the Honorable Chief Minister should be passed. If you say that the resolution should be passed unanimously, if you insert some unnecessary words like this here, put it in the minutes and say that you will create more problems, the ceasefire will be as you expected. Will it happen there, you blame the Central Government and say that you intervene and stop it

Government Resolutions 523 2008 November 12] [Mr. F. Nanasekaran] If you say so, will you do it? I humbly request on behalf of the Congress Party that all these should be reconsidered and all these should be removed... 1-10 AM Mr. M. Kannappan: The House should decide on the blood I gave, not the Honorable Member Gnanasekaran. Therefore, let the House decide. (Interruptions] Hon'ble Speaker: Next, Hon'ble Member Mr. V. Sivapunniam. Mr. V. Sivapunniam: Hon'ble Speaker, here are resolutions given on behalf of various political parties as an initiative to find a solution to the Sri Lankan Tamil problem. We have also given a separate resolution on behalf of the Communist Party of India. However, I am obliged to commend our Tamil Nadu Chief Minister Dr. Kalaignar on behalf of the Communist Party of India for consolidating all these, conceiving this as a government resolution, presenting it in this House and taking the initiative to implement it unanimously. Through this resolution, there will be an opportunity to make peace in Sri Lanka. On behalf of the Communist Party of India, We believe. In particular, although the resolution is sufficient, we do not have any opinions on this. We believe that there is a need to express the opinions of 95355 political parties. Therefore, the Honorable Chief Minister of the country mentioned yesterday that there are two people who have different opinions on this. All the political WPA people in this House know that. Therefore, it is not wrong to accept that there is a different opinion. The Chief Minister and this House should accept the standard of unanimity.

Page 62

524 Government Resolutions [Buy. Vai. Sivapunniyam] [2008 November 12 The position of the Communist Party of India is that it should be implemented. In particular, when mentioning these incidents, it is said that 4 lakh Tamil people have been made refugees in Sri Lanka. They are settling in more than 15 places. There are reports that they are living as refugees. There are reports that they are exposed to various types of harm at night in the forests. There are reports that more than 400 people have died due to snake bites and diseases like malaria. Similarly, if we look at the refugee camps, approximately 21% of the Tamil people are refugees in the Vanni region. There are reports that 1.6 million people are refugees in the government camps in Jaffna. More than 1.4 million people are refugees in the Eastern Province. The terrible news is coming that 100,000 people are living in that country as refugees. There is news that more than a thousand Tamil people living in the capital Colombo are missing. There is no news that they have been abducted by the army and where they have been kept. The consequences of these effects are that the war in Sri Lanka has reached a brutal stage, and only after that have those effects started in Tamil Nadu. I humbly request you to understand this clearly. Morning //-/5 Where does the problem of our fishermen in Tamil Nadu, especially, come from? Whenever there is a war in Sri Lanka, Tamil Nadu fishermen continue to shoot here because of the impact of its effects.

Government Resolutions 525 2008 November 12] [Buy Vai. Sivapunniam] They are being killed. More than 400 fishermen have been shot. Fishermen crossing the sea border is happening in many states in India. However, only Tamil Nadu fishermen are being shot dead. This has been recorded many times in this House. When it comes to the reasons for this, Tamil Nadu's sea border has a border of about . 1100 km. It covers 1/9 districts. There are about 1.5 million people in these sea border districts, people associated with the fishing community, 1.5 million people. Therefore, if we say that the war is going on in Sri Lanka, fishermen are directly affected, attacked, and shot here in Tamil Nadu. This is happening on a daily basis. Even before the day of the attack, our Rameswaram fishermen were attacked, stripped naked and humiliated by the Sinhalese troops. Therefore, when this continues to happen, it is my humble opinion that it should not be denied that there is a natural possibility of feelings and anger arising in Tamil Nadu. Therefore, in this situation, opinions are based on these feelings, and it is the humble opinion of the Communist Party of India that this should not be mistakenly taken as a result of political vendetta. 400 people were shot dead by the Sri Lankan army. More than 2,900 people have been injured. More than a thousand have become permanently disabled. The fate of 95 people who have gone missing so far is unknown. But, their wives are still living with the problem of whether to wear the talisman around their necks or not. Such problems exist in Tamil Nadu. When it comes to shootings, Sri Lanka. Whether the government officially reports it or not. According to the calculations, there have been more than 8000-561 shootings so far. Therefore, when looking at all this,

526 Government Resolutions [Dar. Vai. Sivapunniam] [2008 November 12 The reason is that they crossed the maritime boundary. Only. But, the problem is that the Sri Lankan army keeps shooting our Tamil Nadu fishermen indiscriminately because of the war going on in Sri Lanka. What is the situation when it comes to maritime boundaries? In Rameswaram, the maritime boundary is only 1 mile. In Kodiyakarai, it is only 13 miles. In Dhanushkodi, there is only 6 miles of boundary. This is just to say that fishing should be done properly within these 6 nautical miles. Therefore, even this maritime boundary is very short, and the Sri Lankan army has taken the initiative to turn it into a problem if these fishermen, who are doing their daily activities, cross the maritime boundary a little. This is why these shootings are happening. Therefore, the war that is happening in Sri Lanka is not only about the Sri Lankan Tamil people being made refugees, not only being shot, not only being shot, not only being shot, but also being made stateless and orphaned. When the cruel act of making them stateless and orphaned is stopped in Sri Lanka, the reason given is that Tamil Nadu fishermen are also being shot, and they become supporters of this. But that is not the truth. The Sri Lankan government is trying to suppress these situations, these unrests, and these feelings that are happening here. How can the people of Tamil Nadu continue to watch this? Can we talk about racism in this? Can we keep talking about this conflict? We do not agree with terrorism, racism, and extreme extremism. However, it is the strong opinion of the Communist Party of India that it is in no way appropriate to justify the massacre of Tamils in Sri Lanka on this basis, and this is why a sense of unity is needed in this regard for Tamil Nadu. We believe that it is imperative that we take a decision with unity.

Government Resolutions 527 2008 November 12] [Bop Vai. Sivapunniam] Morning //-20 In particular, how did the Bangladesh war come about? The most important reason for the Bangladesh war was that the people living in that country were coming to India in lakhs as refugees. When their number kept increasing and they were coming to our country as a burden, it was only when Mother Indira took a decision and waged that war and took efforts to return that country. So, what is the situation now? When it is said that the Tamil people of Sri Lanka are coming in lakhs as refugees day by day, the sentiment of the people of Tamil Nadu is affected, it is intensified, and it is transformed into the sentiment of the 1.5 million people living in the 13 districts that are located on the maritime borders. Those feelings turn into turmoil. When that happens, it is impossible not to talk about it, not to say it, not to comment on it in Tamil Nadu. There are some things that are more or less in this. Feelings are expressed. They are banned. They are controlled. There is no alternative to saying that everything should be done within the law. But Tamil Nadu has felt the need to look at it deeply in the sense that this is a matter of feelings. In particular, all the MPs from the Tamil Alliance have expressed an opinion in Sri Lanka. The idea that there should be a ceasefire; efforts should be made to find agreement on everything was said there as well; they have come here and said it too. We also talked about the methods of the groups. The Honorable Chief Minister clearly mentioned it. Once, when I mentioned it in this House, they told me about how many groups there are among them, and how many people have died due to fratricidal fighting among them. But, above all, now the 41-305-5 of those parliamentary reapers

528 Government Resolutions [Dar. Vai. Sivapunniam] [2008 November 12 When we look at the opinion of that group, there are various groups within it. 8.11. There is: TELO; PLOT; All the members of Parliament who belong to such organizations are jointly emphasizing the idea that this ceasefire should be done. Therefore, although it is true that there were divisions in this, the members of Parliament there have agreed and spoken that there is a responsibility to establish a ceasefire, create a peaceful atmosphere, find a political solution, and provide rights and duties to the Sri Lankan Tamils. Therefore, it is necessary for us to take all this into account. Going beyond all this, in 2006, a ceasefire agreement was signed in Sri Lanka at the behest of Norway. After the ceasefire agreement was signed at the initiative of Norway, it was the Sri Lankan government that unilaterally canceled the ceasefire. The Rajapaksa government announced the ceasefire on January 20, 2006. Therefore, it was the Sri Lankan government that unilaterally canceled the ceasefire agreement taken at the initiative of Norway, not the LTTE that is currently fighting. Therefore, the Sri Lankan government violated what was agreed upon. When we say this, what can we say if we say that we support the LTTE, support the LTTE? I think we need to understand this. Therefore, they should reconsider the ceasefire. It was the Sri Lankan rulers who started the war. Therefore, it was when they were demanding a ceasefire that the Honorable Chief Minister made a request. That request is a request expressed based on his experience. We are here to support all political parties, especially the Sri Lankan Tamil issue.

Government Resolutions 529 2008 November 13] [Mr. Vai. Sivapunniam] Our artist is more knowledgeable than all of us who are talking here about what the 2 .■■■■■■■■■■ ■■■■■■ ■■■■■■■■■■. SBT ATI, A ■■■■■■■■■■■■■■■■■■■■. He knows about that matter. That is why he said. If the name is stopped, it cannot be done by one side only. He expressed his concern that an opportunity should come when both sides accept it. The Secretary of our Indian Immunist Party also made a request. They issued a public announcement that the Liberation Tigers should stop the war. Similarly, today the requests were accepted and their side agreed AMGEN HEROS. Political advisor Nadesan has mentioned it. They have announced that the standards are ready to stop the war. But. The Sri Lankan government has categorically announced that it cannot. If so, they are firmly committed to killing and massacring the remaining Tamil people. But, what we are talking about is a war between the Liberation Tigers of Tamil Eelam and the Sri Lankan army, who are the victims and the victims of this? Innocent Tamils are being killed. Students are being killed. Bombs are raining down on temples. It is raining down on schools and educational institutions. While this is going on, the Sri Lankan government is trying to kill and massacring innocent Tamils and achieve victory through war. We are watching it. With folded hands. There can be no peace. . That is why the Communist Party of India believes that there is a need to find a solution quickly on the basis of these feelings. Countries like Denmark, Iceland, Finland, etc. have repeatedly condemned the Sri Lankan government for taking efforts to bring about a ceasefire. The countries of the world HAD the DOM YM. Similarly, the American government is also seeing it. The Secretary General of the United Nations Ban Ki-moon himself mentioned 14-305—5a

530 Government Statements [Mr. Vai. Sivapunniam] [November 12, 2008] It has been said that a solution cannot be found through war; only a political solution can be a permanent solution. The Secretary-General of the United Nations has clearly stated that the Sri Lankan government should come forward to do that. But the realistic situation today is that the Sri Lankan government is not ready to accept any of the demands of the world countries, the demands of the United Nations, the demands of India, or the feelings of the people of Tamil Nadu. 1-25 AM In an attempt to change these situations, all the political parties in Tamil Nadu have been conducting various protests. For this, primarily on behalf of the Communist Party of India, we conducted a hunger strike on October 2 in the district capitals. After that, our all-point meeting was held on October 14th. After that, the film artists' hunger strike, struggle, demonstration. Rally, and a very special human chain protest were held in Chennai. So, we are continuously making an effort to bring all these to the attention of our Central Government and to find peace in Sri Lanka. But, I am obliged to say that our sad accusation is that the Central Government's attention to this is not enough. While saying this, we cannot see politics in this. As a neighboring country, the Central Government should know and understand these conditions that have come to the senses of 7 crore Tamils and take an effort to find a solution to them quickly. The Communist Party of India regrets that delay will not bring peace to the country, will not protect the Tamil people, and will only lead to further killings. We strongly believe that there is an opportunity for the Central Government to do this immediately.

Government Resolutions 531 2008 November 12] [Mr. Vai. Sivapunniam] Now the President of the Sri Lankan government has come to our country. We should hold talks with him immediately. We have been saying one thing. When we say a neighboring country, when we say intervention, the reason is that there are various problems in it. But, when the massacres are going on and our Tamil Nadu is also being emotionally affected by being a neighboring country, shouldn't the Central Government take immediate action regarding these feelings? Many news are coming, I see it in the newspapers. How is this a problem in another state? What feeling is coming in Bihar? What feeling is coming in Uttar Pradesh? Honorable Speaker: Mr. Vai. Sivapunniam, please close the cycle. Mr. Vai. Sivapunniam: When we see all this, how can we expect that feeling to come in Tamil Nadu. . . ■■ Honorable Speaker: Mr. Sivapunniam, there are many people who have to speak. Finish quickly. Mr. V. Sivapunniam: I will finish. Therefore, the Central Government should respect all these feelings. My humble opinion is that the Central Government should make an effort to integrate the feelings of all the states and find a solution to it. Here, Brother Gnanasekaran expressed an opinion. Here, the leader of the MDMK expressed an opinion. When we compare the news that may have appeared in all the newspapers, the conditions that our Indian Prime Minister has accepted, the opinions that our External Affairs Minister has made, everything, it is an undeniable fact that the Central Government is providing military assistance to Sri Lanka. It is an undeniable fact that military equipment has been sent there. We discussed in this House last year that training for that was held in Tamil Nadu itself.

532 Government Resolutions [Mr. Vai. Sivapunniam) [3008 November 12 The Sri Lankan army is being trained. It should be stopped, and when we say that such a thing should not happen, our Chief Minister himself has intervened. Therefore, (Interruptions) Mr. Speaker, all these messages that I am telling you were spoken and recorded in this House... . (Interruption) Hon. Speaker: Mr. Sivapunniam, finish speaking. (Interruption) Mr. Sivapunniam, finish speaking quickly. (Interruption) Mr. C. Gnanasekaran: Mr. Speaker... Hon. Speaker: You speak after he finishes speaking. Mr. Vai Sivapunniam: I would like to request the Central Government, in particular, to stop such acts and make efforts to find a solution immediately, both on the basis of being a neighboring country and the feelings of our Tamil people. In particular, the Sri Lankan government, rejecting the opinion of the world countries and continuing the war against the Tamil people by deploying troops from many countries, should stop doing that immediately. (Interruptions) Friends here are asking what Russia is saying and what China is saying. Even if China sends troops, it will be wrong. The Communist Party of India will firmly raise its voice against it. Even if Russia does it, it will be wrong. In the context of such a situation in a neighboring country, in the context of the feelings of the Tamil people, we have no reason to deny that opinion. We will not support it either. ** (Interruptions) That is why I am making it clear. (Interruption) I request that efforts be made to implement this ceasefire immediately, especially since the Liberation Tigers have agreed to this matter. (Interruption) In particular. Removed by order of the Honorable Speaker.

Page 71

Government Resolutions 533 2008 November 12] Honorable Speaker: . Mr. Sivapunniam, are you finishing? What! (Interruption) Wait. Wait. Let him (finish his hunger. After that, I will give you a chance. Mr. V. Sivapunniam: Mr. Speaker, they can speak only after I finish speaking. They are expressing their views. I have no objection. (Interruption) Hon. Speaker: As soon as he finishes speaking, express your views. (Interruption) Mr. Sivapunniam. Are you finishing your speech or not? 2 Mr. V. Sivapunniam: I have finished speaking, Mr. Speaker, I am finishing my speech (Interruptions) 1-30 pm DTA BAST. Mr. T. Sudarsanam: Regarding the Congress party. (3) I want to ask you to read from the House minutes. (Interruptions) Hon. Speaker: You cut. Cut They have it. We are waiting impatiently for the opportunity to say goodbye to that neck. But, at the same time, ** that ** was removed by the order of the Honorable Speaker. : ■

534 Government Resolutions [Dr. S. Peter Alphonse] [November 12, 2008 We cannot accept the words. If we were to reply to them, he would not bear it, therefore, since those words are against the tradition of this House, I respectfully request you to remove those words from the House record. Hon. Speaker: The words spoken by Mr. Vai. Sivapunniam about the Congress Party are removed from the House record. Please, Mr. Vai. Sivapunniam, tell me. Mr. Vai. Sivapunniam: Mr. Speaker, this resolution specifically for the ceasefire in Sri Lanka is not (the bell rang), I will conclude. HON. SPEAKER: Mr. Sivapunniam, don't make it controversial. Sikkiram, please conclude your speech. (Interruptions) [Some members of the Indian National Congress Party were sitting on the seats and were saying something to Mr. Sivapunniam) Mr. Sivapunniam: Wait, we also know you, what is the matter now, (Interruptions) You have spoken; I am not speaking. I will go to the next matter; let us not stir up the matter in vain. A humble request to the Congress Party Leader. Brother Peter Alphonse has made a request. I did not refuse it. What does it mean to talk behind your back when we talk about the next thing? And if you talk in a threatening tone, that is not right. It is not good for your members to behave in a threatening manner. Now, on behalf of the Communist Party of India, all I ask is that as an immediate effort to bring peace to Sri Lanka, the war should stop. Taking advantage of the Sri Lankan President's visit to India, our two. Manmohan Singh should immediately call for a ceasefire.

Government Resolutions 535 2008 November 12] (Gry. Vai. Sivapunniam] should be emphasized. There should be no extension of time in this. A political solution should be found for this. All the organizations present there should be called immediately and talked to and those people should be protected. Only through that can peace prevail in Sri Lanka and peace be maintained in Tamil Nadu and India. This resolution has come as an attempt to prevent such a turbulent situation from arising in Tamil Nadu. I urge the Central Government to take prompt action by unanimously passing this resolution, on behalf of the Communist Party of India, Thanri, Greetings, Honorable Speaker: On behalf of the Marxist Communist Party, Ms. K. Balabharathi, Ms. K. Balabharathi: Honorable Speaker, We welcome the resolution proposed by the Honorable Chief Minister of Tamil Nadu on behalf of the Tamil Nadu government, which includes the demands of the Marxist Communist Party, that a ceasefire should be declared in Sri Lanka; that the lives of the Tamil people should be protected; that a peaceful dialogue should be held there and a political solution should be found. At the same time, at this time when there are many honorable members, ministers and dignitaries in this House, democracy is all about having diverse opinions. I humbly request that it would be appropriate to develop a democratic political culture that accepts and tolerates different opinions, and to guide a peaceful solution to the Sri Lankan issue without compromising the sovereignty of our country India. Due to the war situation in Sri Lanka, Unarmed Tamil children, women and the elderly have been the worst affected. The loss of life and property continues to be devastating.

536 Government Resolutions [Ms. K. Balabharathi] [2008 November 12 It pains us. The inhuman attack on innocent Tamils in Sri Lanka must be stopped immediately. The Marxist Communist Party views human rights violations in any country with concern. The Sri Lankan government must come forward for an unconditional ceasefire. I request the Hon. Chief Minister to consider this as appropriate in his resolution. Ceasefire means that the Sri Lankan government should come forward for an unconditional ceasefire, and I recommend the term 'unconditional ceasefire'; on behalf of the Marxist Communist Party. Morning 11-35 This ceasefire should be announced and its implementation should be monitored. That too, Hon. Chief Minister, I request you to consider the views of the Marxist Communist Party. The corrupt policies of the capitalist social system such as globalization, privatization, and liberalism are brutally attacking the working class and the working people of third world countries like India and Sri Lanka. In such a situation, the Sri Lankan government's military attack on the Sri Lankan Tamils is proving to be even more violent today. It must be stopped immediately. On behalf of the Communist Party of India (Marxist), I support the resolution of the Tamil Nadu government, which the Communist Party of India (Marxist) has insisted on, to hold a smooth negotiation to win the rights of the Tamils in a united Sri Lanka, in order to establish an independent state government with maximum powers and rights. Thank you. Honorable Speaker: On behalf of the Patali Makkal Katchi, Honorable Member G.K. Mani. Mr. G.K. Mani: Honorable Speaker, today in the Assembly, with the lofty objective of giving a permanent night to the Sri Lankan Tamil issue, we have proposed the resolution proposed by our Honorable Chief Minister himself.

Government Resolutions 537 2008 November 12] (Bo. G.K. Mani] I am obliged to express a few views on behalf of the Workers' Party on the resolution. Honorable Speaker. In this good situation in which the Legislative Assembly is in session, and at a time when the Tamil people are dying every day on an unprecedented scale in Sri Lanka and are anxious about whether they will survive, his (Chief Minister) has proposed a good resolution. Therefore. In the resolution proposed by the Chief Minister, in the first paragraph, he has briefly emphasized the need for which this resolution should be brought. He has also emphasized here what the solution is. Therefore, what we see on behalf of the Workers' Party is that the first session of this Assembly On the day, we gave a personal resolution in my name on behalf of the Workers' Party. At that time, our Chief Minister, who was supposed to speak in support of that personal resolution, has proposed this resolution here, incorporating all the words and opinions that we have said, in a way that is acceptable to all the political parties present here in the Legislative Assembly. He has proposed this resolution here with a protocol in which the Government of India should intervene. Therefore, what the Workers' Party wants to say on this resolution is the truthfulness of this resolution, how the people of Tamil Nadu view it; at the same time, the PMK has made a request to the political parties in Tamil Nadu, especially the political parties present in the Legislative Assembly, to cooperate, and today we are again asking for it. What I want is to pass a good resolution. First of all, I would like to request all the political parties present here to cooperate. Today is a very important time. They say, 'Time is running out...'. On that basis, Rajapaksa

538 Government Resolutions [Mr. G.K. Mani] [2008 November 12 Has arrived in Delhi. Our Honorable Prime Minister is going to speak to him. This resolution should serve as a basis and a strong argument for what to say. Today, a situation has arisen where Rajapaksa should accept the resolution of the people of Tamil Nadu, the resolution insisted on by the government. Not only that, but those who are dying every day in Sri Lanka, the families of those who died in the tri-force attack, what kind of honor is going to come in this Legislative Assembly today, will we get security? Not only that, but those who are living in the forests, just surviving, without food, and fighting for their lives, are expecting a resolution. Similarly, this is a resolution that young children and students are waiting for in bunkers for their lives. This is a resolution that all Tamils living all over the world, the people of Tamil Nadu, and all political parties are expecting from the government, and this is a resolution that all the people of Tamil Nadu, all political parties and organizations are expecting. Therefore, I would like to emphasize here again that this resolution should be given importance and that everyone should cooperate with it. (Morning 1-40 Especially, since everyone knows the unspeakable tragedy of the situation in Sri Lanka today, even though I do not want to spend much time on this, I must mention some of the evidence. The Sri Lankan Tamil problem did not arise today or yesterday. It is a 10-year problem. Why did this 40-year problem arise? In Sri Lanka /949. Since independence, the Tamil people have not been given their due rights. No matter who they are, humanity must be strengthened today. Human rights must not be violated. The common man who lives in cesspools, the innocent

Government Resolutions 539 2008 November 12] [Mr. G.K. Mani] From the very beginning to the superpowers, what can be said is that human rights should not be violated anywhere, they should be protected. It was in such a situation that for 40 years, the Tamil people, who have created history, the original inhabitants of Sri Lanka, were denied their rights and were treated as second-class citizens, and the struggle started there. But one thing is, there is no history of various countries in the world struggling for rights for language, for race, and not resolving them for 40 years. There is history of struggles arising and erupting in various countries, and even when the problems are big, they are resolved through peaceful negotiations. But such a situation has not arisen in Sri Lanka. This is a resolution to create it. As has happened in the past and now, there has been great expectation and unrest among the people of Tamil Nadu. What unrest? The army is blindly attacking and killing the children there. They are brutalizing our women by cutting their breasts. They are raping them. The sight of them being sold with the words 'Tamil meat is sold here' written on it, the people of Tamil Nadu were outraged when they saw all this. But what is the situation today? Our children and schoolgirls are being raped there. Women and schoolgirls are being shot in the genitals. The news that came out in the newspaper. The information given by members of parliament there. There have been many atrocities such as cruelty against women. Attacks on children. It is in such a situation that we, the people of Tamil Nadu, are drawing up a resolution. When a similar situation arose in Sri Lanka in the past, the efforts taken by the current Chief Minister and the leader of the Ravidha Munnetra Kazhagam, Kalaignar, to resolve this issue. The conferences held, the demands, there is a history of that. I do not deny it.

540 Government Resolutions (Duy. G.K. Mani] (2008 November 12) Similarly, when the former Chief Minister, today's Leader of the Opposition Ammaiyar was the Chief Minister /998-Le. The Bharatiya Janata Party government, at that time under the leadership of the today's Leader of the Opposition, our organization's leader Dr. Aiya, Subramanian Swamy, Amarar Vazhappadi Ramamurthy and all the members of Parliament who were in that coalition at that time signed a petition demanding peace and a ceasefire in the Sri Lankan issue and made a request to former Prime Minister Vajpayee. History that has not been fulfilled. Not only that, the former Chief Minister Amarar M.G.R. said that a solution should be found in Sri Lanka, and his efforts were extraordinary. The government of Tamil Nadu The state of assistance from the treasury. The effort she took is commendable. Similarly, Mother Indira Gandhi did not see it as a neighboring country. There is a relationship between the Tamils living there, the Tamils of India, there is a historical relationship, therefore, we are thinking about the financial assistance, training assistance, various assistance that Mother Indira gave to the struggle groups to be protected. Morning // -45 Mr. Rajiv Gandhi's death is a tragedy for the Indian nation. The effort taken by the young leader, the late Rajiv Gandhi. The way he fell victim to that effort is pitiful, we are pained. There is a long history in this issue. Considering all that, I would like to tell this House today in what way we should give shape to this resolution, how. We are in a period where we need to create a good social situation.

Government Resolutions 541 2008 December 12] [Big G.K. Mani] How many efforts are being made by the leaders of India, the leaders of Tamil Nadu, and the political parties. But has a permanent solution been reached? How many times have India and Sri Lanka signed agreements? The Rajiv Gandhi-Jayawardene agreement, the Shastri-Bandaranaike agreement; the agreements made were violated and not kept, and therefore the resolution to be passed today should be a strengthening measure. Like other efforts, which have been passed and sent to this Assembly so far. Just as the agreements made did not take shape there, and the Sri Lankan government did not accept the request of India, I humbly inform this House that this time should not be the case. But, based on this resolution, it is our humble request that a situation should arise where, as the revolutionary poet said, 'we have seen the unity of the Tamils here'. Therefore, what we want to say overall is that what is happening there is a struggle for rights. The Sinhala government brought a legal amendment. If we ask what they brought to the law of that country, they brought a legal bloodline that only those who have embraced Buddhism can become the president of that country and stand together at its base. You have to think about it. There are various religions there, Buddhism, Hinduism, Islam, Christianity. But, they say that only those who belong to Buddhism can become the president. How big a democratic massacre is this? We think about it and see how they will respect others. Not only that, but it's not just about saying that they have embraced Buddhism, but also about the fact that the Commander of the Sri Lankan Army, Fonseka, issued an announcement. What he said was, this is a Buddhist country, this is a Sinhalese country, and the Tamils who live here should learn to live as second-class citizens.

542 Government Resolutions [Iru. G.K. Mani] [2008 November 12 He openly declared that if you do not want to do so, you can leave, you cannot live here. Neither President Rajapaksa, nor the government, nor that government has denied that declaration. So what does that mean: Tamils have no rights. Are Tamils immigrants there? Tamils are the original citizens of that country. I would like to emphasize it again here because what could be wrong in demanding rights. Overall, we should not see this issue as a Tamil issue that can only be found in Sri Lanka today. It is a question of the dignity of the entire Tamil nation. If we say that Tamils are being denied rights, we are in a position to consider it as a question of the dignity of the Tamil nation that can live anywhere in the world. Many examples can be given. They mentioned about Bangladesh. What happened to the partition of Bangladesh? Mother Indira Gandhi said, she did not accept it. First, a ceasefire was said. In 1972, talks were held in Simla. Initially, there was a ceasefire, in 1972, talks were held in Simla, and a permanent solution was reached. Therefore, it is on that basis that we are now in a position to approach. Therefore, on the whole, the resolution proposed by the Chief Minister is acceptable to all of us, and we do not reject it. Morning //50 I would also like to present a request to this House that, if there is an opportunity, if it is necessary for us to say something, we can also examine and include that resolution. That. "What if I say, a good solution: I want it. If I say that I want to say something, I want an immediate ceasefire, an unconditional ceasefire. If I say that the Sri Lankan government has not accepted our request, the request of India, then I have a statement that the Indian government should not provide any assistance to Sri Lanka."

Government Resolutions 543 2008 November 12] [Mr. G.K. Mani] We would like to present a request here to the Indian Empire in the form of a resolution or by the Chief Minister on behalf of the people of Tamil Nadu. Not only that, there are some examples. There was a problem in the state of Yopak in Canada. There are many examples of referendums to give this Sri Lankan problem. Another thing is that our Indian Empire insists on this resolution. We fully believe that the Rajapaksa government will accept this resolution. We expect a ceasefire. If not, I would like to bring to the attention of everyone and the Honorable Chief Minister that a resolution can be included. For example, this is a resolution that the UN. The Council should intervene. In 2000, Canada and various countries made a request to the UN, and a committee was formed in 2000. What is the name of that committee? 1148180078! The UN created a commission called the Commission on Intervention and State Sovereignty. It was created based on a request made to the UN by Canada and various countries. What is the purpose of that commission? In a country, people of many ethnicities, people who speak many languages, and people of many religions live. In this way, every group that lives with different languages, religions, and ethnicities should be given rights. They should be protected. The government of that country has the right and responsibility to be protected in that way. That is the duty of the HES country. Oh my, if that country fails to protect it, if it defaults on its duty, if there is internal unrest and people of one ethnic group are being severely affected, and if they are going to have an impact on a neighboring country, then upon the appeal of the neighboring country, the UN Commission, that is, the International Commission on Intervention and State Sovereignty, as defined by the UN, can intervene. Oh my, that commission's 113054

544 Government Resolutions [Iru. G.K. Mani] [2008 November 12 There is an opportunity for India to pressure Sri Lanka. To pressure. Asuwe, the Indian government is pressuring the Sri Lankan government. If it is not accepted. I would like to point out at this time that this is evidence that India has every reason to go to the UN and persuade Sri Lanka through the UN. Asuwe, India cannot intervene directly, if the Indian Empire considers it a neighboring country, a different country, then on that basis there will be an opportunity to intervene, to press and to create a good atmosphere there. At the same time, the fishermen of Tamil Nadu, they are fishermen of India. The reason why this issue is also a continuation is the Sri Lankan-Tamil issue. The Sri Lankan-Tamil issue is also the cause of the fishermen issue. I would like to emphasize at this time that that should also be taken into consideration. Therefore, all I am asking now is that the Sri Lankan government is constantly strengthening the army. India is a very big country. A superpower. It is growing. The number of soldiers in the army of such a big country is only one hundred thousand people. But, there are two and a half hundred thousand people in the Sri Lankan army. Morning H-355 Why does a small country, a tiny country, need to strengthen so much army? It is for the sake of destroying the Tamils. Who is it to destroy? To destroy the citizens of that country? Therefore, in this situation where a country is experiencing a situation where its own people are being destroyed, and human rights violations are taking place to an extent that is not seen anywhere else in the world, our Tamil Nadu Legislative Assembly has passed a good resolution and this resolution is the last one.

Government Resolutions 545 2008 December [3] [Mr. G.K. Mani] Like the resolution passed in the past, this resolution should not remain without action. This resolution is an important resolution, and the Government of India should immediately intervene and declare a ceasefire, and immediately declare a ceasefire and pave the way for the people of Tamil Nadu to get all their rights and equality, so that the resolution proposed by the Honorable Chief Minister can be fulfilled, our main party, the ruling Hips, which is present in this House. The opposition party, the AIADMK, the All India Congress Party. The Marxist Communist Party, the Indian Communist Party, the M.D.M.K. I humbly request you to cooperate with all the parties like the Liberation Tigers. Thank you. (Sound of tapping on the table) Hon. Speaker: On behalf of the Indian National Congress, two hon. members. S. Peter Alphonse. Mr. S. Peter Alphonse: Hon. Speaker, I would like to express my gratitude to you and the Leader of the Legislative Congress Party for giving me the opportunity to record my remarks on behalf of the Indian National Congress Party on the resolution proposed by the Hon. Chief Minister of Tamil Nadu for a ceasefire in Sri Lanka. I would like to express my gratitude not only to record some views in this House, but also to various parties outside this House who are concerned and interested in this issue. I would like to ask some reasonable questions through you. As for the Congress party, it is not a party with a different opinion than the one that wants peace in Sri Lanka, a ceasefire, and that the Tamil brothers living there should live in peace and harmony. For some political groups, this may be a political slogan. At a time when their political shops are running out of stock, they may think of continuing to conduct politics by raising the issue of Sri Lankan Tamils. (Sound of knocking on the table) But, the Congress ■: ~ 11-305--65

546 Government Resolutions [Mr. S. Peter Alphonse] [2008 November 12 (Interruptions) I only mentioned some political parties. Did I mention you? (Interruptions) I did not mention any of you! I did not mention anyone! (Interruptions) I did not mention anyone! (Interruptions) Honorable Speaker, I did not mention the Communist Party of India or my friend Sivapunnyam. I mentioned this issue only to those political parties who think of this issue as empty slogans and as a commercial item, I did not mention the Communist Party of India, which is present in this House. Honorable Speaker. As for us (interruptions) As for us (interruptions) When I finish speaking, you speak. (interruptions) I am not yielding. (interruptions) I am not yielding. (interruptions) I am not yielding, that is, I am speaking in general terms... I am speaking in general terms. . . (interruption) Hon. Speaker: 'Sit. Your Excellency, he did not make any specific accusations. Sit down. Mr. S. Peter Alphonse: Hon. Speaker, the current problems of the Sri Lankan Tamils in Sri Lanka, various political parties have had different opinions on this issue at different times. Even the Congress party's opinions on this issue at some point have changed later. Every party in this House, even some parties outside this House, did not have the same opinion on this issue at every stage. (Interruption) 12-00 noon Mr., Y. Sivapunniam: Honorable Speaker, two honorable members here. I have no objection to Peter Alphonse speaking his mind. I mentioned it when I was speaking earlier. Every political party has a different opinion.

Government Resolutions 547 2008 November 12] Dr. Vai. Sivapunniam] There are different opinions, therefore. It is not that any opinion should not be expressed here. Therefore, different opinions can be expressed only from their own perspective. If the honorable member Mr. Peter Alphonse says that he is trying to paint a political picture of it and is trying to do this because all the goods have been exhausted, then I will say that. I accuse the Communist Party of India on behalf of the Communist Party of India that you are forcing the state government here because you are unable to force the Congress Party in any other way. (Shout-Chaos) Honorable Speaker: Sit down, sit down. (Interruptions) Mr. Peter, you speak. (Interruptions) Mr. S. Peter Alphonse: Honorable Speaker, it is natural for there to be different opinions on an issue in a democratic country. It is the political right of every party to accept different opinions, to disagree on different opinions, and to explain the reasons behind their opinions when they disagree. I am not accusing such parties on this platform. But to find an accusation that does not exist. Take it, and for that. Many leaders are talking outside this House, painting it, fabricating it, as if the Congress party has committed a mistake that should not be done in its life, as if the Central Government and the State Government have committed a great sin against the Tamils living in Sri Lanka, as if the Central Government is the biggest reason why innocent Tamils are dying in Sri Lanka today. If you want, I have those newspaper notes. Honorable Member, give them. If Sivapunniam asks, I am ready to give them. Are not the leaders of the political parties in this House who said that the Central Government is the reason for the death of Tamils in Sri Lanka? Are not the parties here who accused the Chief Minister of going beyond Tamil Nadu and aiding the atrocities happening in Sri Lanka?

548 Government Resolutions [Mr. S. Peter Alphonse] [November 12, 2008 Is this the platform to answer those parties? That is what it is. We have come to say that we have not come to this House to get cold feet on the Sri Lankan Tamil issue or to gain political advantage or to use it as a campaign during the election period. Why, whenever we talk about this issue, we get emotional. Even here, when my dear friend Mr. Gnanasekaran gets up every time with emotion, some people cannot understand it. But we can understand it. Because those incidents happened in our lives, we who sacrificed the greatest life of this country on this soil for the Sri Lankan Tamil issue, are the ones who can understand it emotionally. Honorable Speaker, I would like to record a small incident in this House. Because I think this is an appropriate time. Our people's leader, Mr. Moopanar, told an incident. When the leader of the LTTE, Prabhakaran, was taken to see President Rajiv Gandhi to bid farewell after the Indo-Sri Lankan Accord was passed, do you know what President Rajiv Gandhi did? He took him into his room, hugged him, and sewed a bullet-proof shin-sew for him. We are the ones who lost Rajiv Gandhi on this land, who took off his bullet-proof shirt and gave it to Prabhakaran, congratulated him, and wished him success in his struggle for rights. After that death, our beloved mother Sonia Gandhi stood in this country in her widowed state and said one word at the airport - do you know what word she said? She said thank you to our Tamil people and left - 3 Thalayurai. /8 days ago, our clan, Rahul Gandhi, left the land of Kashmir. He is saying, "Justice has not been done for my father's death yet." Our

[State Resolutions 549 2008 November 12] [Mr. S. Peter Alphonse] Our dear sister Priyanka, “I have come to seek the cause of my father’s death after seeing the people who killed her father and offering her condolences.” We come from that lineage. Therefore, whenever we think of this, we get shocked. Whenever we think of this incident, we get agitated. Even so, we have an excessive compassion. They have simply said that 12-05 pm was a tragic death. But, for us, even the greatest loss that caused us to lose our lives, we are willing to put it aside and forgive them too, which is the legacy of our mother Sonia Gandhi. Therefore, we have a greater responsibility and a greater right to talk about this issue. Not only that, as soon as the Central Government says, “Central Government”, no one should think that it is a Congress Government. The main AL. nam present in this House, the Dravida Munnetra Kazhagam, is in the Central Cabinet. The Patali Makkal Katchi here has a place there. Yes, today we are responsible for every step of the Central Government, and we justify it. But, one thing: Here too, our esteemed Revival Dravida Munnetra Kazhagam’s House Leader, Brother Chunnappan, while speaking, said wonderfully; He said what Indira Gandhi did. Our beloved Comrade Ravikumar, while speaking, spoke about the agreement reached between Jayewardene and the late Rajiv Gandhi. Our esteemed Chief Minister, in this resolution that he has written and prepared, has narrated the history of 1) the year. Every incident and every development that has taken place in these 10 years could not have happened without the Congress Party or the leaders of the Congress Party.

550 Government Resolutions (Dr. S. Peter Alphonse) [2008 November | 2 Not done. (The sound of knocking on the table] Whether it was during the time of Sirimavo Bandaranayake, during the time of Mother Indira Gandhi, during the time of Amar Rajiv Gandhi, after that, during the time of Prime Minister Narasimha Rao, or during the time of the current Prime Minister Manmohan Singh, the Congress is not a movement that thinks of staying in power while putting aside the welfare of the Tamils. The sound of knocking on the table, we do not need such a position or government. Why, today there is genocide... If you say the word genocide, you people, what is happening in Sri Lanka, that word genocide The first person to find out and say it was Mother Indira Gandhi. She stood in Parliament and said that what was happening in Sri Lanka was a genocide. It attracted the attention of the countries of the world and made Sri Lanka look back. Not only that, Mother Indira Gandhi declared on August 5, 1982 that the sorrow of the Tamils of Sri Lanka is the sorrow of the Indians. It is not the sorrow of the Tamils, it is the sorrow of the Indians, so, we, the Congress Party, do not see this as a problem of the Tamils alone. We see it as a problem of the whole of India. Our 'dear friends' should understand that we know the strength of this problem. At the same time, on September 6, Mother Indira Gandhi, who participated in the Iruchi program, secondly refuted the accusation that human rights were being violated in Sri Lanka. They put it. If I ask why I am saying this in this House, Rajiv Kathi, the long-standing contribution of the Congress Party, wrote a letter to Sri Lankan President Jayewardene on November 29, a month after taking office in 1984, asking him to immediately address the issue of the Tamils in Sri Lanka, and also issued a warning on December 12 that the Tamils there could not be tolerated and that there was a limit to patience.

Government Announcements 551 2008 November 12][Ir. S. Peter Alphonse] Similarly, on April //, 1985, he held talks with British Prime Minister Margaret Thatcher in Delhi in a way that would lead to global peace. Rajiv Gandhi, who was the Prime Minister of India, not only held talks with the Prime Minister of England on the issue of the Sri Lankan Tamils, but also attracted world attention to the extent that US President Ronald Reagan warned on June 7, 1985 that the country should act according to India's advice on the issue of the Sri Lankan Tamils. Here, they say, they spoke in succession, leaders of countries like Finland, England, Germany, etc., to the extent that they could talk about human rights in Sri Lanka, and the attention of the people. If we ask who has walled off the walls of 20% of the world's countries, it is President Rajiv Gandhi, Mother Indira Gandhi, Congress Prime Ministers, Congress. (Sound of knocking on the table) If we ask why I am saying this, today we are constantly being accused; the Congress party, a party alien to the Tamils, is committing treason against the Sri Lankan Tamils, and are keeping their mouths shut and silent. The intention we have today is that these peace talks should continue. That is why, we have forgotten many problems, many tragic events, all the great historical sufferings that have befallen us, and we must protect the welfare of the Tamils, and the Tamils must establish order and rule in their land. This rule and power are in our hands. If we say that there is no solution to this problem during the lifetime of the Chief Minister of great historical fame who can lead Tamil Nadu today, then we said that we trust the Chief Minister today with the intention of saying that there will never be a solution to this problem. We said that you should trust the steps that the Chief Minister is taking.

Assassin's Resolutions 552 C é [Mr. S. Peter Alphonse] (November 12, 2008, 12-10 pm, while speaking at a wedding, our legislative party leader said. On that stage, various friends spoke about this issue and made one request after another. At that time, the legislative Congress party leader who came to speak said in a stern voice. It is better for none of you to speak about this, do only one thing, trust the Tamil Nadu Chief Minister. He said that without politicizing this issue, without diverting it to one side, this. "If we say that we will be a political party that does not sow their poisonous seeds in Tamil Nadu, but only seeks the welfare of the Sri Lankan Tamils. We must ensure that this issue does not deviate. The peace of the Sri Lankan Tamils, the life of the Sri Lankan Tamils, the principles that must be followed in Sri Lanka We should not only stop at peace, but also, as a next step, when this issue was being turned upside down, the Congress was forced to sound the alarm. Today, we want a large Tamil Nadu. We want a separate Tamil Nadu. The only Tamil living in the world, Prabhakaran, is like a thief who comes to a festival gathering and does whatever he wants, when the people of the country are worried about the Tamils, and when the Congress party is forced to sound the alarm. That is what we are moved to point out. When I read the incidents in some newspapers, I was moved. A sister from Sri Lanka is writing a letter to her aunt who is in a refugee camp here. The text of that letter has been published in the newspaper. I can record that text in this House. I think so. This is a letter from a sister from Sri Lanka to her aunt living in a refugee camp, "I heard that you are trying to return to Sri Lanka.

Government Orders 553 2008 November [2][E.R. S. Peter Alphonse] Please don't come. Stay there. We will at least have hope that you will be alive. The situation here is very bad. I am in the forest. When my period came, I didn't even dare to change. I didn't dare." This letter was sent by a Tamil sister who was caught between the Liberation Tigers of Tamil Eelam and the Sri Lankan army in Sri Lanka and was struggling to survive. This letter was sent to her aunt who had come to this country as a refugee through another Tamil sister who had come from there. Who is responsible for this cruelty? Who is responsible for this misery? How many alternative opinions are there? 2 Should all the opinions expressed by people like Douglas Devananda be recorded in this House? Should all the information that Tamil organizations in Sri Lanka tell us be recorded here? Why is this movement, which has suffered so much historical cruelty, today bearing this blame? I ask, you are saying that the Central Government should speak, let it speak. The Honorable Chief Minister, the political influence he has, the respect he has among himself, the respect he has for his mother Sonia Gandhi You say that we should use the closeness we have with them to resolve this issue, let's resolve it. Who should we talk to? What should we talk about? We can call Rajapaksa today if we want. We can ask him to leave the central government and talk to him. Manmohan Singh will speak. But, who is the pointsman for the other side? The parties that are speaking in this House. We guarantee such a peaceful solution. Will anyone raise their hand to say that we are there for them? We say. The Chief Minister will speak. Dr. Manmohan Singh will speak. (Interruption] Hon. Speaker: Sit. Kannappan, speak. Mr. M. Kannappan: Sit, Hon. Member. Peter Alphonse, I apologize for interrupting.

554 Government Resolutions [Mr. (1p. Kannappan | [November 12, 2008 Who is responsible for this? They asked. When our Honorable Chief Minister and leaders of some other political parties asked both sides to cease fire, the LTTE was the first to publicly declare a ceasefire. But the Sri Lankan government completely refused. Similarly, the spokesperson of that movement, Nadesan, has publicly declared in the press yesterday that we are ready to accept any efforts made to reach a compromise in the future. 12-15 PM Hon. Speaker: Mr. Peter Alphonse, please speak. Mr. S. Peter Alphonse: Hon. Speaker, The question I asked was when I started my debate in this House. I started this debate with the request that these questions should arise from this forum, to the leaders of Tamils living around the world who are drawing their attention to this issue through this House, to all those who are concerned about the welfare of Tamils. Today, there is a Central Government that can run to where our Chief Minister is, where he stands, and ask questions. If we say that the Chief Minister of Tamil Nadu and the people of Tamil Nadu are worried about an issue that can arouse the feelings of the people like the Tamil issue, then Mother Sonia Gandhi gets worried. Prime Minister Manmohan Singh gets worried. He asks the Minister of External Affairs in this country to go and see what can be done immediately. In this area where such a situation exists, Even if we call the Sri Lankan President, he comes and stands. This Indian government has developed the ability, respect, and dignity to call even Rajapaksa today and talk about what should be done and how to do it.

Government Resolutions 555 2008 November 12] [Bop S. Peter Alphonse] The Chief Minister has the qualification, recognition and leadership to call the Central Government. The question I am asking is, both of you have said that there should be a ceasefire, is it the destination or is it a stop over. Is a ceasefire the end? Or is a ceasefire a stopover? If there is a stopover on that way, then the end of this war should be the end of the journey, who will be responsible for that next stop for both sides? Only by taking those decisions can we leave behind the worries we are facing, like saying that the price is low? (Interruptions) Hon. Speaker: Wait, Velmurugan, what do you have to say. Mr. T. Velmurugan: Honorable Speaker, Honorable Brother Peter Alphonse says that elections were held in that region for Tamil Eelam and 29 parliamentarians were elected. Out of the members, 22 parliamentarians won, and those 22 parliamentarians have today attracted the attention of our leader of Tamil Nadu, the great Tamil scholar Dr. Kalaaignar. Mother Sonia Gandhi, who is the leader of the Indian Empire and is leading it, has attracted their attention. The Prime Minister of India has attracted their attention. The dream of the late Indian Prime Minister Rajiv Gandhi, who said in the India-Sri Lanka Jayawardena Agreement that the East and the North should be united and the Tamils should be given power, has been belied by the Rajapaksa government, which has put the army in front and conducted an election, and there is a green ethnic betrayal. Therefore, the leading leaders who participated in those political factions, along with leaders of other organizations like TELO, PLOT, EPRLF, Padmanaban, Douglas Devanandam, are the 22 members of Parliament today. So, the solution that everyone has accepted is that right for them there today.

556 Government Resolutions [E.R. T. Velmurugan | [2008 December 12 They can also call those groups and accept the request of brother Peter Alphonse and hold talks. So, there are Tamil leaders there. They are waiting to reach a peaceful settlement through talks. After the demise of that Tamil Selvan, who is the leader of the Tamil Eelam political wing and who went to all the foreign countries in the world and attracted them to his side, Mr. Nadesan, who has attracted the votes of those Tamils to the countries of the world, has taken charge. Today, he has also appealed to the Tamil government and India. Therefore, I request you, my dear brother, on behalf of the Patali Makkal Party, to take into consideration that there are people who can speak on behalf of the Sri Lankan Tamils and come forward to reach a good decision in a good environment. 12-20 PM Mr. S. Peter Alphonse: Honorable Speaker, I accept the views expressed by our dear brother Mr. Velmurugan. He said it very well. That a solution should be found on the basis of the agreement reached between Amarrar Rajiv Gandhi and the then President Jayewardene. He said that there are people who agree to that solution. I - Indo Sri Lankan Accord - The Sri Lankan Agreement - The President of the Democratic, Socialist, Republic of Sri Lanka, His Excellency Mr. JR Jayawardene and the Prime Minister of the Republic of India, His Excellency Mr. Rajiv Gandhi having met at Colombo, on July 29th, 1987 and they have entered into this agreement. What is the first clause of this agreement --, &01:104]6021■2 that Sri Lanka is a multi-ethnic, multi-lingual, plural society consisting, inter alia, of Sinhalese, Tamils, Muslims and Burghers; recognising that each ethnic group has a distinct cultural and linguistic identity which has to be carefully nurtured. The ethnic identity of Tamils, the language of our country is a pluralistic society with a distinct cultural identity. A society where people from different walks of life live, like India,

Government Resolutions 557 2008 November 13][R. S. Peter....r. Alphonse] Equal rights, FLO status, and equal political obligations for everyone living in that society. Equal political rights If we add all these and say that there is one more important thing, "... These proposals are also conditional to the Government of India taking the following actions if" any militant groups operating in Sri Lanka do not accept this framework of proposals for a settlement namely..." 955 This agreement is an agreement signed by the President of a country and given to the Indian side by the Indian side. Do you accept it today and give your full consent to find a solution on this basis, that is what our Honorable Chief Minister has said in this House. The day before yesterday, those words are in that press release, that statement. The Chief Minister's words are in that, the Chief Minister says in the press release he gave that day" Honorable Mr. In his statement, Pranab Mukherjee said, "Let me reiterate our conviction that there is no military solution to the ethnic conflict. What is required in Sri Lanka is peace. fully negotiated political settlement within the framework of a united Sri Lanka respecting the legitimate rights of the minorities including the Tamil community. With these words, our Chief Minister is asking. For such a negotiation to take place and a political settlement to be found, both the Sri Lankan army and the Liberation Tigers of Tamil Eelam, who are at war in Sri Lanka, should agree and declare a ceasefire. Let this be made a decision. To the Congress. There is no alternative opinion. The comrades of the Workers' Party cannot have an alternative opinion on this. The comrades of the Communist Party of India and the Communist Party of India-Marxist should say in this House whether they have an alternative opinion. Similarly, the friends of the Revival Dravida Munnetra Kazhagam. Other political parties Whether party friends also have a different opinion on this resolution and the Chief Minister's statement or not, it is for the record in this House.

558 Government Resolutions (Bu. S. Peter Alphonse] [2008 November 12. What do you mean, these are not the ones that pass resolutions just for the sake of words or political games. The whole world is watching the argument we make, the opinion we accept, the resolution we pass. Two. When Ravikumar was speaking, he said that an agreement like the agreement made in /087 should be implemented, this is the reward we received for the agreement made to implement 2/ years ago. Prabhakaran is speaking on the day when every year the day of remembrance is celebrated as the day of remembrance of the martyrs and terrorists. When Andan Balanagaram, who was alive, was speaking, he said in his last statement. "It is a tragic incident and it is time for India to forget and forgive" It was a tragic incident. He asked that India should forgive and forget it. But, this year, our Liberation Tigers of Tamil Eelam (LTTE) leader Prabhakaran has spoken. He is warning the countries of the world. "Don't think about the mistake India committed in 1986 and don't make the mistakes again and we will not forget and forgive what India had done to us." He spoke this year. Didn't we send the army to Sri Lanka, didn't our leader Rajiv Gandhi violate all the laws of international countries and fly our plane in the airspace of neighboring countries and give them food parcels? When all the countries of the world got angry and asked why did leader Rajiv Gandhi say that, he did not say that war should start. "I wanted to deliver a message" The Tamils in Sri Lanka What are we talking about in this House today, 22 years after Rajiv Gandhi said that he would not stand by and watch the Tamil community of our country suffer, when he said that he did the right thing. Who will take responsibility and implement this? What has happened to the Tamil community living in Sri Lanka today? We ourselves are crying seeing the misery that has befallen them.

Government Resolutions 559 2008 November 12] (Bp. S. Peter Alphonse] We have read. Today, Chairman Kalaignar may be the leader of the Ravidha Munnetra Chalagama. But, today, is he not an incomparable leader of the Tamil community who is accepted all over the world! Isn't he a leader with 70 years, 60 years of experience? Professor Peruntakai who is present in this assembly has seen a lot of fields for 6 years, 70 years, our doctor Sir Dr. Ramadoss, even though they are leaders belonging to various political parties, are they not leaders who have enriched the Tamil community? Where are all such leaders in Sri Lanka today? 12-25 PM What happened to all the great leaders who can be heard in Sri Lanka today? World. Not only the Tamil community, but the world There were many great Tamil scholars in Jaffna who could be fully observed, there were Tamil leaders who were accepted by the whole world, not only the leaders of the Tamils, but also all the Tamil leaders who could sit and talk on an equal footing with the leaders of the 2055 Allies. What has become of them today? It is because of the absence of such Tamil leaders that there is no one to even take the plight of the Tamil community there to the world community. When that community stands as a community that does not even have a voice to listen, we shed tears because we are people who are stuck in blood. What is the reason for such a plight there? I am not saying no to calling for a ceasefire. But, look at what was the cause of that disease before the ceasefire? Do not ignore the responsibility of those who were responsible and who could convey knowledge. That is what the Congress is building. Request. Your Chief Minister has taken this decision today with great understanding and knowledge. Please add or paste as you say in this decision 11-306-7

560 Assassins Resolutions [S. Peter Alphonse] (November 12, 2008 No. This resolution has hurt our feelings. This resolution is in line with the press release they have given. Therefore, the appeal that I am making today is not only to the Central Government. Not only to the Sinhala fanatics in Sri Lanka, not only to the Sri Lankan government, but to all those who have brought the Tamil community to this state. This should be the last time such an argument takes place in this House. This should be the last ceasefire. This should be the last time we interfere. (Sound of knocking on the table) We should look at this resolution with such feelings. I do not want to further arouse all our feelings, Para, all his feelings and make this a mere argument. The Congress Party sincerely wants peace. The Central Government sincerely Wants. My dear friend, Sivapunniam, spoke about the fishermen being shot. I would like to remind them of an incident. When these fishermen were shot last time, the members of the United Progressive Alliance, all the members of the United Progressive Alliance, our Ministers, our Dravida Munnetra Kazhagam Ministers, and the Ministers of the Patali Makkal Katchi met the Prime Minister. They saw the Prime Minister and drew his attention to the fact that Tamil Nadu fishermen were being shot continuously. Do you know what the Prime Minister did immediately? He called the National Security Advisor and asked him to sit down and talk to him. What did he say? He gave the explanation given by the Rajapaksa government. They said, "We did not shoot. If you prove that we did, we will accept full responsibility for it." "They argue that some unwanted enemies are doing this to create false information and perceptions about us among the Tamil people."

Government Resolutions 561 2008 November 13](Ir. S. Peter Alphonse) It happened in our Legislative Assembly too. Once, as soon as our fishermen were abducted, our Chief Minister in this House (Interruptions) Honorable Speaker, if you ask why I am saying this, (Interruption) That is, last year's incident happened in our House too. We cannot find some fishermen. Even when there was a report in our House that some fishermen had been abducted by the army, my friend Mr. Gnanasekaran made a comment. As soon as he said that it was clear that the freedom fighters had abducted them, even our Chief Minister did not accept it. But, our Chief Minister, who is the upholder of the Ainanayaka tradition, came back to this House after three days and no one Without listening, they said, "I agree, what you said is right. That is what happened," and then they sent the information to the right people, in the right manner. As soon as the information was sent, the fishermen arrived: 12:30 pm Even the day before yesterday, the Sri Lankan embassy had issued an announcement. Do you know what our Prime Minister did to it? Immediately after calling the Rajapaksa government, what did the Sri Lankan President say, let your fishermen come to our coast and fish, we have no objection to that. We are issuing them identity cards. We are providing separate lights for those boats. If you want to see if we did it, they are calling you to come on joint patrolling with us. What answer can we have to this? We. We did not shoot. To see if we are shooting, you can also send your army with us. When asked. What answer do we have for that? Do we have an answer for that: Do we agree to that joint patrolling? If we have the feeling that we should provide security to our fishermen, 11-305—7a

562 Government Resolutions [By S. Peter Alphonse] (November 12, 2008 If you have the desire to protect our fishermen from being shot, let this House decide what we are going to do next. I have not told anyone what I told them in private. I am giving this information only with the permission of asking this House whether I may record the details given directly by the Prime Minister and the Prime Minister's Security Advisor to our Ministers, our Members of Parliament, and those who participated in that meeting. Therefore, I am very humble to tell this House that the Central Government has not shirk its responsibility for a single day. Neither the Congress Party nor the Congress Party leadership has ever said that they should continue in power unnecessarily. We cannot save the votes given by the people of this country and the trust that was based on those votes. If we think so, we will not hesitate to say no to this post on the same day. As for the Tamil people, as for Tamil Nadu, as for the Tamil-conscious people living across the border, we are foreigners. We do not think so. They are our blood, the Tamil community is a community that has enriched us and given us life. The Congress Party has the greatest responsibility to protect and preserve the rights and duties of that community. The Central Government has the power to do it with the confidence that we have done it fully, and has the common sense and vision to make it work. We have endorsed this resolution brought by the Chief Minister on behalf of the Congress Party and we want a ceasefire. But we have to record that a ceasefire is not the end, it is only the way, and we have to record that a ceasefire is not the end, it is only the way, and we have to ask you from us. Goodbye. Thank you. (Sound of knocking on the table)

Government Resolutions 563 2008 November 12] Mr. G.K. Mani: Honorable 3rd Speaker, I am not going to kill you for the sake of debate and interference. The Honorable Whip of the Congress Party, at the specified time, said that it was not the Sinhalese Navy who abducted or shot dead the Tamil Nadu fishermen. The Sri Lankan government cannot be held responsible for that, they said that they would ask you to prove who it was. But, when the abducted and affected fishermen return, they say in their interviews, 'The Sri Lankan Navy took us away. They tortured us. They took away all the fish!'; Not only that, after that, we, on behalf of the Tamil Nadu government. On behalf of the political parties, are making a request to the Indian government. The Indian government is requesting the Sinhalese government. After listening, the Sinhala government releases those who were imprisoned. So. From this we know that the Sinhala navy is the one who is shooting, shooting and releasing again. So, I am telling you this with love. Not for the sake of interruption, (Interruption) Hon. Speaker: Again. What is the point of repeating? No. We should move on to another discussion. Mr. O.P.S. Speak. (Interruption) Be. Sivapunniam, sit down. You have been given enough time. Sit down. Mr. O. Panneerselvam: Hon. Speaker. ++ (Interruption) Hon. Speaker: Don't keep talking like 001110%615121-as. Sit down. (Interruption) No. (Interruption, what? Mr. V. Sivapunniam: Speaker. Here. Regarding what the honorable member, Mr. Peter Alphonse, mentioned, Mr. G.K. Mani gave an explanation. That is what I am talking about. I am not asking for any discussion or any other matter.

564 Government Resolutions [Two votes. Sivapunniam] [2008 November 12 did not go. The adjournment resolutions were given in this House regarding the shooting of Tamil Nadu fishermen and the speeches already made by those mentioned here were also made. 12-35 pm I have also emphasized that in that. The issue of who shot them came up. Even then, those news came through the newspapers and media. At that time, when I was speaking on behalf of the Communist Party of India, the issue of whether the Tamil Nadu fishermen were shot by the Sri Lankan army or the Liberation Tigers of Tamil Nadu also came up; I have heard publicly in this House that whoever fired, our Indian Army should shoot one of them and bring them to this shore and identify them as the LTTE or the Sri Lankan Army. I have even argued in this House why the Central Government has not made any effort to do this. I will repeat what I have already said. (Interruption) Please-- just for clarification. So now, Brother. The Central Government should take an effort to find a solution to this issue raised by Peter Alphonse, whether it is to determine the extent of the maritime boundaries, issue an identity card or monitor them. It is appropriate to say that the identity card issued by the Sri Lankan Government should be accepted. No, I have already said that the Central Government should not shirk that responsibility. Please, my brother Mr. Peter Alphonse, understand that. Mr. S. Peter Alphonse: Honorable Speaker, I also said what my friend Mr. Sivapunniam said. I share the same opinion as he does.

Government Resolutions 565 2008 November 12) (Bo. S. Peter Alphonse | I said. Who will do the work of finding out who the shooters are? What are the people from the Sri Lankan government today? They say, 'Send your army to our side, let them monitor what we do, if we shoot, we will accept responsibility for it.' Do we agree to that? Does the Communist Party of India agree to that? The question here is whether it agrees. I am not saying that Sri Lanka is right. I am not saying that the LTTE shot our fishermen. Both the LTTE and our fishermen say that the Sri Lankan army shot the fishermen. But what do the people from the Sri Lankan Navy say, 'Why are we 'Yes, we have no need to shoot, you can sit by and see whether we shoot or not with your military forces.' They say. Are we going to allow that, are we going to cooperate with that, are the political parties here ready to give permission for that? The question I want to ask is whether the Hon. Speaker: Hon. Deputy Leader of the Opposition. Mr. O. Panneerselvam: Hon. Speaker, the position of the various parties in the Assembly has been explained here in detail on the basis of the resolution brought on behalf of the government to stop the war that is going on in Sri Lanka. The overall opinion of everyone is that the Sri Lankan Tamils living there, the problems they have, the rights to life that they have been enjoying for ages, these are It was discussed here yesterday and today, without any difference of opinion, that everything should be a permanent, political solution between them.

566 Government Statements [Ir. O. Panneerselvam] [2008 November 12, 12:40 PM Yesterday, as we were speaking, there were some political conflicts within the Congress Party, the Workers' Party and the Communist Parties. Following that, as I speak, we have a unanimous opinion, a collective opinion that the innocent Tamils of Sri Lanka should be protected. I expressed my views in this Assembly yesterday with the good intention that we should not go in the wrong direction by not achieving the rights that Sri Lankan Tamils deserve, even though various agreements have been made on this issue for a long time, and that we should discuss the various political differences that exist among us on this unresolved issue. But, today, in the Murasoli newspaper, there is a news article that says, "Green Tamil Panneerselvam is a law." (Interjections) While everyone here is saying that you are telling the truth, Murasoli newspaper has given me a certificate, saying, "Green Tamil Panneerselvam is a law." I have already been given a certificate. It has been given to you, to those in Andhra Pradesh, to those in Karnataka, to those in Orissa, to those in Delhi. When it comes to nationality, the certificate that we are all Indians has been given to me (sound of a drum drum tapping). That certificate is in India. It is for the reason that all the people who have spoken, the Rajiv Gandhi-Jayawardena agreement was signed in 087 by our late Indian Prime Minister Rajiv Gandhi, due to his relentless and serious efforts. He went to Sri Lanka. Even today, there is a situation where Rajapaksa comes to India. Even when Rajiv Gandhi went to Sri Lanka and signed that agreement, that agreement was signed.

Government Awards 567 2008 November 12] [Dr. I. Panneerselvam] What kind of respect did those in Sri Lanka give? At that time, there was even a situation where a Sinhalese soldier turned his rifle and attacked Mr. Rajiv Gandhi while he was inspecting the ranks of Sinhalese soldiers. We have all heard that sometimes, leaders who are Panchayat leaders are killed by the very people for whom they are going to speak Panchayat. That is the same situation that happened to Rajiv Gandhi. On the one hand, the Sinhalese also said that we were affected by that agreement, and today our Congress party is a whip. Peter Alphonse said, a few months ago, last month, LTTE. Leader Prabhakaran said, 'I am warning the world', and he spoke beautifully about the agreement reached in 1987, and the impact it had on us. Accepting the prejudices of both sides, the Prime Minister of India on this land, the beauty of the immortal Rajiv Gandhi was shattered and Tamil Nadu was subjected to an irreparable disgrace. Even now, remembering that event, Rajiv Gandhi's son Mr. Rahul Gandhi is also worried that justice has not been served for the tragedy that happened to my father. There is a situation where we have to read the news in the newspapers. Therefore, whatever the case, our Sri Lankan Tamils living there are subjected to various hardships every day and they have been living in a state of unrest and are unable to lead their lives for the past 40, 50 years. A permanent political solution must be found for that situation. Our Indian government has the responsibility to bring about that solution. In other words, just as India intervened in the problem that arose in our neighboring country, Bangladesh, many positive incidents preceded the problem that may arise in Sri Lanka.

568 Government Resolutions [Mr. O. Panneerselvam] [2008 November 12. Even if they were all one sided. Today, a situation has arisen where the Tamil race itself could be destroyed there. That is why we, all of us, are speaking today in support of this government resolution with the support of everyone, with the idea that the Tamils living in Sri Lanka should be protected. 12-45 pm In order for the Tamil Nadu government and the central government not to think that our work is complete by passing the resolution, the Congress Party, Dravida Munnetra Kazhagam, and Patali Makkal Katchu are sitting there as ministers in the government at the center today. Based on this resolution, the LTTE has been continuously contacting the central government and has declared a ceasefire as of today. The Sri Lankan government should also declare a ceasefire. My dear brother Peter Alphonse said that if the Sri Lankan government tries to speak on behalf of Sri Lanka, who should come from the opposing side to speak on behalf of the Sri Lankan Tamils and who will guarantee it? Good question. I am also obliged to request the Indian government to convey this message to the leaders of various groups living in Sri Lanka, that while the Sri Lankan government is ready to talk, some of you should also come forward to talk about reconciliation, and that the central government should create a harmonious situation among them. Why, the news coming from there is already very disturbing. The agreement signed in 1987-00 in the Northern and Eastern provinces of Sri Lanka stipulates that the Sri Lankan Tamils have the right to a life. The basis of that agreement was that elections should be held in the North and East, and then the two provinces should be merged and a political settlement should be achieved there. The Jayewardene-Rajiv Gandhi agreement of 1982

Government Resolutions 569 2008 November 12] [Mr. O. Panneerselvam] It has been said. Therefore. In finding a peaceful political solution for our Sri Lankan Tamils, who have been living in Sri Lanka for a long time, our Tamil Nadu Government and the Central Government, together, continue to make diligent efforts and for a peaceful political solution to be reached there, we are obliged to support this resolution on behalf of the All India Anna Dravida Munnetra Kazhagam. At the same time. During the period of 1974 and 1976, there was a situation at that time that we had to give these Kachats to Sri Lanka. As a result, today there is a situation where coastal fishermen in 12 districts cannot even go near Kachats Island to fish. Tamil Nadu fishermen are being shot and killed every day. Fishermen who go from here alive and return from there are also arriving dead every day. At the same time as the Sri Lankan Tamil issue is being resolved, I urge the Central Government to put an end to that issue by ensuring that Tamil Nadu fishermen get their right to fish in the open sea. I am supporting this resolution brought on behalf of the government on behalf of the All India Anna Dravida Munnetra Kazhagam. (Tapping of the table) 12:50 PM Hon'ble Speaker: Hon'ble Chief Minister. Hon'ble Artist M. Karunanidhi: Hon'ble Speaker, I propose the government resolution on the Sri Lankan Tamil issue proposed in this House today. On behalf of the Liberation Tigers of Tamil Eelam Party, Mr. Ravikumar, on behalf of the Revival Dravida (Progressive) Party, Mr. Kannappan, on behalf of the Communist Party of India, Mr. Sivapunniam, on behalf of the Communist Party of India, Marxist

570 Government Resolutions (Artist M. Karunanidhi] (November 12, 2008 Ms. Balabharathi, on behalf of the Workers' Party. G.K. Mani, on behalf of the Indian National Congress. Mr. Peter Alphons. They. ■.E.■.DMK. Deputy Leader of the Opposition--I am not going to take back what you said--Green Tamilian Panneerselvam (tapping the table)--They should not worry about that--Periyar gave the title of 'Green Tamilian' to the great leader Kamaraj. That is what the slogan has given. That too has been given in a loud voice--(Interruption)--They They have given long explanations and finally created a situation where this resolution was unanimously accepted by this assembly. In the meantime, when our Peter Alphonse was speaking, even though there was a war between the two due to some ideas that occurred to him, Sivapunniam, first the war was stopped and after that many news and many details have been published in support of this resolution. I am talking about a waste. I do not want to speak for a long time to explain this resolution and ask you to support it, nor do I need to. Because it was something that was discussed in this assembly for many hours. I have explained in this same assembly what the approaches were, why some changes were made in it, what was the reason for the slowdown in the momentum of waste. 12-55 PM Our friend said that this should not be made into politics. Peter Alphonse said it here. G.K. Mani also outlined it in his speech. I would like to say something to this assembly. When we talk about who is responsible for the massacres taking place in Sri Lanka, which ethnic group is responsible, we say that Sinhala fanatics are responsible, and the Tamils are responsible for the massacres.

Government Resolutions 571 2008 November 12] [Artist M. Karunanidhi] We have been saying that they are being internalized. There is no doubt about that. This is a difference, a difference, a problem that has been going on for 10, 30 years. Here, it was mentioned that since the time of Thanitha Selva, the Tamils in Sri Lanka, the cradle of the Tamil language, have worked for the rights of the Tamils. They have struggled. They have performed many sacrifices. They have been subjected to oppression in many ways. Our dear friend Panneerselvam also refused to accept the term Tamil in some way and said that he was an Indian. But he, I, those in his party, those in this party, we all say the massacre of Sri Lankan Tamils, but no one says the massacre of Sri Lankan Indians. If it is the massacre of Sri Lankan Indians. If you look a little deeper into the angle from which it is viewed, and the angle from which it is viewed when it is called the massacre of Sri Lankan Tamils, your intuition will tell you that truth without me having to say it explicitly. Just because we were born as Tamils, our value is not appreciated, not accepted, our respect is not accepted, not appreciated, why not only our value, respect, and honor, but also our lives and property are considered despicable. Only Tamils have a situation in this world. No one else has. Therefore, this situation is more because we are Tamils than because we feel proud of being Tamils. We should never forget that a great tragedy that is worth lamenting is hanging over us like a dark cloud. That is why I am saying that at the time when we are explaining the reason for this massacre taking place in Sri Lanka and condemning it, we Tamils here should stand in front of the mirror and ask ourselves whether we are acting in unity and as one team.

572 Government Resolutions [Artist M. Karunanidhi] [2008 November 12 We must take care. I am not mentioning anyone. We must at least correct ourselves from now on. No matter how much we have doubts, rivalries, jealousies, political differences, and differences, when we say Tamil, we must forget all the party differences and competitive attitudes and be with that one feeling. "When will the day come when the heart will tremble and the soul will leap, saying, 'Do not approach us with falsehood?'" said the revolutionary poet Bharathidasan. We must stand as an example of Bharathidasan's song. 1-00 PM Here we are talking about the unity that we must cherish and protect. Our greatness. Comrade.. friend, brother Kannappan, the reason I am saying these three things is that I want to keep the word of respect that I like among the three. He should also think about it. Recently, when I asked why some people should respect the criticisms. In particular, why should I respect the arguments of the opposition party, respect the opinions, and not imprison those who advocate for the LTTE or speak in favor of the idea that India should be divided, I had to take action. Such action was taken, and after a few days in prison, Mr. Vaiko and Mr. Kannappan were released. Do you know what Vaiko said in the interview he gave after his release? The newspaper reported that Vaiko had said that Prime Minister Manmohan Singh and Tamil Nadu Chief Minister Karunanidhi were responsible for the genocide taking place in Sri Lanka and the killing of Tamils there. Kannappan would not have missed reading it. I am saying this

Government Resolutions 573 2008 November 12] [Artist M. Karunanidhi] The reason is that if we remain united, united, and do not give in to each other in such situations. If we do not betray each other, if we do not blame each other, the Sri Lankan problem will not hit us so hard. Therefore, at least from now on, we will lose only in such nerves as unity. Election. So, politics: If the problem is, there is also meaning in praising diversity, but when such a great responsibility of saving a race falls on our heads, we must remain united. We must maintain that unity. The hope that that unity will be maintained here is our Ravikumar, Kannappan, Sivapunniam, Balabharathi, G.K. Although the speeches made by Mani, Peter Alphonse, and Panneerselvam have varied slightly and taken a different path. What is the final direction to go? What is the direction to be achieved, what is the goal? They have firmly stated here that the war of genocide being waged against the Tamils in Sri Lanka must be stopped. By supporting this resolution, it was not only proposed and supported in this House; the 6 or 7 crore people in Tamil Nadu, (claps of the tambourine) Why? The Tamils living in the corners of the world, the Indian Prime Minister Manmohan Singh, who deserves our love, respect, and pride, have always made this resolution. They, and Sonia Gandhi, who is the guide and supporter of the government under their leadership. I request you to think about it and not let this be our dream, but to create a situation where this has definitely happened, a ceasefire has been established, and all Tamils in Sri Lanka are living peacefully as soon as possible. 1-05 PM Although the resolutions passed in our all-party meeting have not been fully implemented, except for the ceasefire, everything else is being implemented gradually.

574 Government Resolutions [Artist M. Karunanidhi] [November 12, 2008] have been passed.

On behalf of this House, I express my gratitude to the Central Government for their passage, (tapping of the table) and extend my heartfelt greetings and congratulations to all those who have spoken here, and conclude my speech at this level. Greetings. (tapping of the table) Hon.

Speaker: I would like to place on record my support in this House that the views of the resolution brought by the Hon. Chief Minister are also acceptable to me. The resolution of the Hon. Chief Minister is left to the decision of the House. Those who accept say 'yes'. (Yes) Those who oppose say 'no'. I declare that there are no dissenters. There are no dissenters.

The resolution was passed unanimously. 3. Presentation of Reports Papers Committee Hon.

Chairman: Presentation of the reports of the committees. Presentation of the reports of the Papers Committee. Chairman of the Papers Committee. S.K. Peevedarathnam. Mr. S.K.

Vedrathnam: Hon. Chairman, I present to the House on behalf of the Committee the seventh report of the Papers Committee for the year 2008-2009. (Abbreviation) 4. Information Requests by Members Hon. Chairman: The Call Attention Session that was to be taken today is not

enough time, so it can be taken tomorrow. (Abbreviations) Zero Hour-s What do you say?

Motion of Appeal 575 2008 November [2] Mr. K.A. Sengottaiyan: Honorable Speaker, five days ago, I wanted to discuss the daily power cuts in Tamil Nadu... (Interruption) Honorable Speaker: Tell me which subject, I will tell you when we can take it up. (Interruption) After speaking for an hour in explanation, we should not talk about it again. (Interruption) Mr. K.A. Sengottaiyan: We have given a motion to attract attention. An adjournment motion has been given. Honorable Speaker: It is related to electricity, right? We will take it up tomorrow. Sit down, (Interruption) Ms. Balabharathi, what do you have to say. (Interruption) Mr. Agri S.S, Krishnamurthy: I have given an adjournment motion. I have given an adjournment motion on the breaking of MGR Amy. Ms. K. Balabharathi: Hon. Speaker, the power cut is a pressing issue. Oh my, that too is very SCTIOUS-9) & needs to be discussed. I request you to move that motion today itself. Hon. Speaker: I have said that it can be taken up tomorrow, haven't I? Sit down, we can take it up tomorrow. (Interruptions) Who else? Mr. C. Shanmugam: Hon. Speaker Sir, adjournment motion. (Interruption) Udumalai Taluka... (Interruptions] Honorable Speaker: We will take it tomorrow. (Interruptions) That's what I said, right? You asked me to ask what it was. I asked. I said I will take it for the paper. Please sit down. Honorable Minister of Electricity. 11-3058 |

Sadan Thirumalaikumar, absent, Debate and vote on the First Supplementary Budget Statement for the year 2008-2009. Resolution proposed by the Hon. Finance Minister and Grant Requests. Cut Resolutions are placed before the House for debate. Now debate on Grant Requests. First Mr. S.A. Sengottaiyan, absent. Next Hon. Member Iru. M. Appavu. The member who should speak on behalf of the AIADMK, Mr. K.A. Sengottaiyan, is not present. Iru. M. Appavu, please speak. Mr. M. Appavu: Hon. Speaker, I would like to express my gratitude to you, FHS, for this good opportunity to speak on the first supplementary financial statement brought by our professors under the good governance of the Chief Minister of Tamil Nadu, Dr. Kalaignar.

Requests for Grants for Additional Expenditure, 589 2008-2009, Debate and Vote 2008 November 12] [Mr. M. Appavu] I kindly request you to allow me to speak a few words in this financial statement. The efforts made by the Mutthamizha scholar Dr. Kalaighnar for the Sri Lankan Tamils, how many problems the Dravida Munnetra Kazhagam has faced since its inception in 1959 (interruption) It was started in 1949, and in 1940, the first resolution for the Sri Lankan Tamils was passed under the leadership of Anna, and subsequently one crore people signed it and submitted it to the UN. To send the Sri Lankan Tamil issue to the world stage, and at the same time, to draw the attention of 200,000 countries to the Sri Lankan Tamils, the leader Kalaighnar and the professor, who are both ethnic, even gave up their positions as members of the Legislative Assembly, and held many protests such as hunger strikes and bandhs, and finally, from Chennai to Chengalpattu, they held a human chain protest in the pouring rain, and were successful in it. Now, due to the decision taken by the Chief Minister of Tamil Nadu, Dr. Kalaighnar, 2000 tons of medicines, food items and essential items were sent to the Indian Ambassador in Sri Lanka through the Central Government, and from there through the Red Cross Society, which was approved by the UN. I express my gratitude to the leader Kalaighnar for arranging for it to be sent. (Sound of knocking on the table) Honorable Speaker: Mr. M. Appavu, many people have to speak. You should sit down. (Interruption) Mr. M. Appavu: I will say one more thing before I finish. At the same time, this assembly today is the result of the hard work of so many days. If this resolution brought by Chairman Kalaighnar for the Sri Lankan Tamils has been passed unanimously in Tamil Nadu in the history of India, then Chairman Kalaighnar, who has accepted the leadership of Chairman Kalaighnar and is the leader of all the Tamils of the world, is the one who should solve the Tamil problem. On the basis of...
